Before you invest, you may want to review the Fund's prospectus, which contains information about the Fund and its risks. The Fund's prospectus and Statement of Additional Information, both dated October 30, 2020, as amended from time to time, are incorporated by reference into this summary prospectus. For free paper or electronic copies of the Fund's prospectus and other information about the Fund, go to [TouchstoneInvestments.com/Resources](https://TouchstoneInvestments.com/Resources), call 1.800.543.0407, or ask any financial advisor, bank, or broker-dealer who offers shares of the Fund.

**IMPORTANT NOTE:** Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Touchstone Funds' annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the shareholder reports from Touchstone Funds or from your financial intermediary, such as a broker-dealer or bank. Instead, annual and semi-annual shareholder reports will be available on the Touchstone Funds' website ([TouchstoneInvestments.com/Resources](https://TouchstoneInvestments.com/Resources)), and you will be notified by mail each time a report is posted and provided with a website link to access the report.

You may elect to receive all future annual and semi-annual shareholder reports in paper, free of charge. If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. To elect to receive paper copies of shareholder reports through the mail or otherwise change your delivery method, contact your financial intermediary or, if you hold your shares directly through Touchstone Funds, visit [TouchstoneInvestments.com/Resources/Edelivery](https://TouchstoneInvestments.com/Resources/Edelivery) or call Touchstone Funds toll-free at 1.800.543.0407. Your election to receive shareholder reports in paper will apply to all Touchstone Funds that you hold through your financial intermediary or directly with Touchstone.

## **TOUCHSTONE LARGE COMPANY GROWTH FUND SUMMARY**

### **The Fund's Investment Goal**

The Touchstone Large Company Growth Fund (the "Fund") seeks to achieve long-term capital appreciation.

### **The Fund's Fees and Expenses**

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts for Class A shares of Touchstone equity funds and Touchstone fixed income funds if you and your family invest, or agree to invest in the future, at least \$25,000 or \$50,000, respectively, in Touchstone funds. More information about these and other discounts is available from your financial professional, in the section titled "Choosing a Class of Shares" in the Fund's prospectus and Statement of Additional Information ("SAI") on page 69 and 73, respectively, and in *Appendix A—Intermediary-Specific Sales Charge Waivers and Discounts* to the Fund's prospectus. If you purchase Class Y shares through a broker acting solely as an agent on behalf of its customers, that broker may charge you a commission. Such commissions, if any, are not charged by the Fund and are not reflected in the fee table or expense example below.

\*The wire redemption fee is capped at \$15. In addition, the wire redemption fee may not exceed two percent (2%) of the amount being redeemed.

<sup>(1)</sup> Management Fees have been restated to reflect contractual fee changes to the Fund's Investment Advisory Agreement effective September 1, 2019. More information is available in the section of the Fund's prospectus entitled "The Funds' Management".

<sup>(2)</sup> Total Annual Fund Operating Expenses have been restated to reflect contractual changes to the Fund's Investment Advisory Agreement and will differ from the ratio of gross expenses to average net assets that is included in the Fund's annual report for the fiscal year ended June 30, 2020.

<sup>(3)</sup> Touchstone Advisors, Inc. (the "Advisor" or "Touchstone Advisors") and Touchstone Strategic Trust (the "Trust") have entered into a contractual expense limitation agreement whereby Touchstone Advisors will waive a portion of its fees or reimburse certain Fund expenses (excluding dividend and interest expenses relating to short sales; interest; taxes; brokerage commissions and other transaction costs; portfolio transaction and investment related expenses, including expenses associated with the Fund's liquidity providers; other expenditures which are capitalized in accordance with U.S. generally accepted accounting principles; the cost of "Acquired Fund Fees and Expenses," if any; and other extraordinary expenses not incurred in the ordinary course of business) in order to limit annual Fund operating expenses to 1.04%, 1.79%, 0.79%, and 0.69% of average daily net assets for Classes A, C, Y and Institutional Class shares, respectively. This contractual expense limitation is effective through October 29, 2021, but can be terminated by a vote of the Board of Trustees of the Trust (the "Board") if it deems the termination to be beneficial to the Fund's shareholders. The terms of the contractual expense limitation agreement provide that Touchstone Advisors is entitled to recoup, subject to approval by the Board, such amounts waived or reimbursed for a period of up to three years from the date on which the Advisor reduced its compensation or assumed expenses for the Fund. The Fund will make repayments to the Advisor only if such repayment does not cause the annual Fund operating expenses (after the repayment is taken into account) to exceed both (1) the expense cap in place when such amounts were waived or reimbursed and (2) the Fund's current expense limitation.

<sup>(4)</sup> Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement will differ from the ratio of net expenses to average net assets that is included in the Fund's annual report for the fiscal year ended June 30, 2020 due to a contractual change in the Fund's expense limitation agreement effective September 1, 2019.

## Touchstone Large Company Growth Fund

**Example.** This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then, except as indicated, redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year, that the Fund's operating expenses remain the same and that all fee waivers or expense limits for the Fund will expire after one year. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	Assuming Redemption at End of Period				Assuming No Redemption	
	Class A	Class C	Class Y	Institutional Class	Class C	
<b>1 Year</b>	\$ 601	\$ 282	\$ 81	\$ 70	\$	182
<b>3 Years</b>	\$ 1,057	\$ 1,137	\$ 300	\$ 251	\$	1,137
<b>5 Years</b>	\$ 1,540	\$ 2,100	\$ 536	\$ 447	\$	2,100
<b>10 Years</b>	\$ 2,866	\$ 4,540	\$ 1,216	\$ 1,012	\$	4,540

**Portfolio Turnover.** The Fund pays transaction costs, such as brokerage commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual Fund operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 30% of the average value of its portfolio.

### The Fund's Principal Investment Strategies

Under normal circumstances, the Fund will invest at least 80% of its net assets (plus any borrowings for investment purposes) in equity securities of large capitalization issuers. Equity securities include, but are not limited to, common stocks, preferred stocks, securities convertible into common stocks, rights and warrants. The Fund's portfolio generally will contain 25 to 35 equity securities. The Fund currently defines a large capitalization issuer as one that has a market capitalization of \$10 billion or more at the time of purchase.

In addition, the Fund may invest up to 20% of its assets in equity securities of foreign issuers, including emerging markets, through, but not limited to, American Depositary Receipts ("ADRs") or other depositary receipts. The Fund is a non-diversified fund and may, from time to time, have significant exposure to one or more issuers, geographic regions or sectors of the global economy. The Fund may invest greater than 25% of its assets in one or more of the following sectors: consumer discretionary, consumer staples, energy, financials, health care, industrials, materials, technology and telecommunications services.

DSM Capital Partners LLC ("DSM"), the Fund's Sub-Advisor, manages the Fund using a bottom-up, "idea-driven," growth-style with a long-term (*i.e.*, three-year) investment horizon. This means in general terms that DSM seeks to identify issuers which it believes exhibit certain quality characteristics. For instance, DSM selects issuers that it believes have growing businesses with solid fundamentals, attractive profitability, and successful managements. DSM generally sells an equity security when its projected future return becomes unattractive relative to the rest of the portfolio or the investable universe.

### The Fund's Principal Risks

The Fund's share price will fluctuate. You could lose money on your investment in the Fund and the Fund could also return less than other investments. Investments in the Fund are not bank guaranteed, are not deposits, and are not insured by the Federal Deposit Insurance Corporation or any other federal government agency.

As with any mutual fund, there is no guarantee that the Fund will achieve its investment goal. You can find more information about the Fund's investments and risks under the "Principal Investment Strategies and Risks" section of the Fund's prospectus. The Fund is subject to the principal risks summarized below.

**Equity Securities Risk:** The Fund is subject to the risk that stock prices will fall over short or extended periods of time. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by these companies may decline in response to such developments, which could result in a decline in the value of the Fund's shares.

- **Large-Cap Risk:** Large-cap companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes, and also may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion.
- **Preferred Stock Risk:** In the event an issuer is liquidated or declares bankruptcy, the claims of owners of bonds take precedence over the claims of those who own preferred and common stock. If interest rates rise, the fixed dividend on preferred stocks may be less attractive, causing the price of preferred stocks to decline.

**Growth-Investing Risk:** Growth-oriented funds may underperform when value investing is in favor, and growth stocks may be more volatile than other stocks because they are more sensitive to investor perceptions of the issuing company's growth of earnings potential.

**Management Risk:** In managing the Fund's portfolio, the Advisor engages one or more sub-advisors to make investment decisions for a portion of or the entire portfolio. There is a risk that the Advisor may be unable to identify and retain sub-advisors who achieve superior investment returns relative to other similar sub-advisors.

**Economic and Market Events Risk:** Events in the U.S. and global financial markets, including actions taken by the U.S. Federal Reserve or foreign central banks to stimulate or stabilize economic growth, may at times, and for varying periods of time, result in unusually high market volatility, which could negatively impact the Fund's performance and cause the Fund to experience illiquidity, shareholder redemptions, or other potentially adverse effects. Reduced liquidity in credit and fixed-income markets could negatively affect issuers worldwide. Banks and financial services companies could suffer losses if interest rates rise or economic conditions deteriorate.

**Foreign Securities Risk:** Investing in foreign securities poses additional risks since political and economic events unique in a country or region will affect those markets and their issuers, while such events may not necessarily affect the U.S. economy or issuers located in the United States. In addition, investments in foreign securities are generally denominated in foreign currency. As a result, changes in the value of those currencies compared to the U.S. dollar may affect (positively or negatively) the value of the Fund's investments. There are also risks associated with foreign accounting standards, government regulation, market information, and clearance and settlement procedures. Foreign markets may be less liquid and more volatile than U.S. markets and offer less protection to investors.

- **Depository Receipts Risk:** Foreign receipts, which include ADRs, Global Depositary Receipts, and European Depositary Receipts, are securities that evidence ownership interests in a security or a pool of securities issued by a foreign issuer. The risks of depository receipts include many risks associated with investing directly in foreign securities.
- **Emerging Markets Risk:** Emerging markets may be more likely to experience political turmoil or rapid changes in market or economic conditions than more developed countries. In addition, the financial stability of issuers (including governments) in emerging market countries may be more precarious than that of issuers in other countries.

**Convertible Securities Risk:** Convertible securities are subject to the risks of both debt securities and equity securities. The values of convertible securities tend to decline as interest rates rise and, due to the conversion feature, tend to vary with fluctuations in the market value of the underlying security.

**Non-Diversification Risk:** The Fund is non-diversified, which means that it may invest a greater percentage of its assets than a diversified mutual fund in the securities of a limited number of issuers. The use of a non-diversified investment strategy may increase the volatility of the Fund’s investment performance, as the Fund may be more susceptible to risks associated with a single economic, political or regulatory event.

**Sector Focus Risk:** A fund that focuses its investments in the securities of a particular market sector is subject to the risk that adverse circumstances will have a greater impact on the fund than a fund that does not focus its investments in a particular sector.

## The Fund’s Performance

Before the Fund commenced operations, all of the assets and liabilities of the DSM Large Cap Growth Fund (the “Predecessor Fund”) were transferred to the Fund in a tax-free reorganization (the “Reorganization”). The Reorganization occurred on August 15, 2016. As a result of the Reorganization, the Fund assumed the performance and accounting history of the Predecessor Fund.

The bar chart and performance table below illustrate some indication of the risks and volatility of an investment in the Fund by showing changes in the Fund’s performance from calendar year to calendar year and by showing how the Fund’s average annual total returns for one year, five years and ten years compare with the Russell 1000® Growth Index and the S&P 500® Index. The performance table reflects any applicable sales charges. Past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. ## Touchstone Large Company Growth Fund

After-tax returns are calculated using the highest individual marginal federal income tax rates in effect on a given distribution reinvestment date and do not reflect the impact of state and local taxes. Your actual after-tax returns may differ from those shown and depend on your tax situation. The after-tax returns do not apply to shares held in an individual retirement account ("IRA"), 401(k), or other tax-advantaged account. The after-tax returns shown in the table are for Institutional Class shares only. The after-tax returns for other classes of shares offered by the Fund will differ from the Institutional Class shares' after-tax returns. The Return After Taxes on Distributions and Sale of Fund Shares may be greater than other returns for the same period due to a tax benefit of realizing a capital loss on the sale of fund shares.

The inception dates of Class A shares, Class C shares, and Class Y shares was August 15, 2016. The performance of each share class was calculated using the historical performance of Institutional Class shares for periods prior to August 15, 2016. Performance for these periods has been restated to reflect the impact of the fees and expenses applicable to Class A, Class C and Class Y shares.

Existing Class A, Class C and Institutional Class shareholders may purchase shares directly through Touchstone Funds via the transfer agent, BNY Mellon, or through their financial intermediary. Class Y shares are available only through financial intermediaries who have appropriate selling agreements in place with Touchstone Securities. Shares may be purchased or sold by writing to Touchstone Securities at P.O. Box 9878, Providence, Rhode Island 02940, calling 1.800.543.0407, or visiting the Touchstone Funds' website: TouchstoneInvestments.com. You may only sell shares over the telephone or via the Internet if the value of the shares sold is less than or equal to \$100,000. Shares held in IRAs and qualified retirement plans cannot be sold via the Internet. If your shares are held by a processing organization or financial intermediary you will need to follow its purchase and redemption procedures. For more information about buying and selling shares, see the "Investing with Touchstone" section of the Fund's prospectus or call 1.800.543.0407.

## **Tax Information**

The Fund intends to make distributions that may be taxed as ordinary income or capital gains except when shares are held through a tax-advantaged account, such as a 401(k) plan or an IRA. Withdrawals from a tax-advantaged account, however, may be taxable.

## **Financial Intermediary Compensation**

If you purchase shares in the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other financial intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.
