### FPA Queens Road Value Fund (QRVLX)

September 28, 2020, as amended November 2, 2020  
11601 Wilshire Boulevard, Suite 1200  
Los Angeles, California 90025  
(310) 473-0225

The Securities and Exchange Commission has not approved or disapproved these securities or determined if this prospectus is accurate or complete. Any representation to the contrary is a criminal offense.

The Fund is an open end, diversified fund having the primary investment objective of seeking long-term capital growth. The FPA Queens Road Value Fund primarily invests in the equity securities of U.S. Companies. This Fund is not a bank deposit, not FDIC insured and may lose value.

**Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, we intend to no longer mail paper copies of the Fund's shareholder reports, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on the FPA Funds website (<https://fpa.com/funds>), and you will be notified by mail each time a report is posted and provided with a website link to access the report. If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. If you prefer to receive shareholder reports and other communications electronically, you may update your mailing preferences with your financial intermediary, or enroll in e-delivery at [fpa.com](https://fpa.com) (for accounts held directly with the Fund).**

**You may elect to continue to receive paper copies of all future reports free of charge. If you invest through a financial intermediary, you may contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Fund, you may inform the Fund that you wish to continue receiving paper copies of your shareholder reports by contacting us at (800) 638-3060. Your election to receive reports in paper will apply to all funds held with the FPA Funds or through your financial intermediary.**

## FUND SUMMARY FPA QUEENS ROAD VALUE FUND

### Investment Objective

The Fund seeks long-term capital growth.

### Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

<b>Shareholder Fees</b> (fees paid directly from your investment)	
Maximum Sales Charge (Load) Imposed on Purchases (as a % of offering price)	None
Maximum Deferred Sales Charge (Load) (as a % of the lower of purchase price or redemption proceeds)	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends and other Distributions	None
<b>Annual Fund Operating Expenses</b> (expenses that you pay each year as a percentage of the value of your investment)	
Management Fees	0.95%
Distribution and/or Service (12b-1) Fees	None
Other Expenses <sup>(1)</sup>	0.96%
Total Annual Fund Operating Expenses	1.91%
Fee Waiver and Reimbursement <sup>(1)</sup>	-1.26%
Total Annual Fund Operating Expenses after Fee Waiver and Reimbursement	0.65%

(1) Restated to reflect current expenses.

The adviser has contractually agreed to reimburse the Fund for operating expenses in excess of 0.65% of average net assets of the Fund, excluding interest, taxes, brokerage fees and commissions payable by the Fund in connection with the purchase or sale of portfolio securities, fees and expenses of other funds in which the Fund invests, and extraordinary expenses, including litigation expenses not incurred in the Fund's ordinary course of business, until October 31, 2023. These expense reimbursements are subject to possible recoupment by the adviser from the Fund in future years (within the three years from the date when the amount is waived or reimbursed) if such recoupment can be achieved within the lesser of the foregoing expense limits or the then-current expense limits. This agreement may be terminated only by the Fund's Board of Trustees, upon written notice to the adviser.

### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based upon these assumptions your costs would be:

1 Year	3 Years	5 Years	10 Years
\$66	\$204	\$636	\$1,837

### Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 1% of the average value of its portfolio.

### **Principal Investment Strategies**

The Fund seeks to achieve its investment objective by investing primarily in the equity securities (common stocks, preferred stocks and convertible securities) of U.S. companies. Investments will be made based on their potential for capital growth without limitation on issuer capitalization.

The Fund's sub-adviser, Bragg Financial Advisors, Inc., invests the Fund's assets by pursuing a value-oriented strategy. The sub-adviser's strategy begins with a screening process that seeks to identify companies whose stocks sell at discounted price-to-earnings (P/E) and price-to-cash flow (P/CF) multiples. The sub-adviser favors companies that maintain strong balance sheets and have experienced management. Generally, the sub-adviser attempts to identify situations where stock prices are undervalued by the market. The sub-adviser sells securities when it believes they are trading for more than their intrinsic value, to generate tax losses to offset taxable gains, or if additional cash is needed to fund redemptions.

### **Principal Investment Risks**

***As with all mutual funds, there is the risk that you could lose money through your investment in the Fund. Many factors affect the Fund's net asset value and performance.***

#### ***Equity risk***

The prices of equity securities rise and fall daily. These price movements may result from factors affecting individual companies, industries or the securities market as a whole.

#### ***Issuer-specific changes***

The value of an individual security can be more volatile than the market as a whole and can perform differently than the value of the market as a whole.

#### ***Market and geopolitical risk***

The prices of securities held by the Fund may decline in response to certain events taking place around the world, including those directly involving the companies whose securities are owned by the Fund. Securities in the Fund's portfolio may underperform due to inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, epidemics, terrorism, regulatory events and governmental or quasi-governmental actions. There is a risk that you may lose money by investing in the Fund.

#### ***Portfolio strategy***

The sub-adviser's skill in choosing appropriate investments for the Fund will determine, in part, the Fund's ability to achieve its investment objective.

#### ***Small and medium cap securities***

The prices of securities of small and medium capitalization companies generally are more volatile, less liquid, and more likely to be adversely affected by poor economic or market conditions than securities of larger companies. Small and medium size companies may have limited product lines, markets or financial resources, and they may be dependent upon a limited management group.

### ***Stock market volatility***

Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market or economic developments.

### ***Value investing***

The value approach to investing involves the risk that those stocks may remain undervalued. Value stocks as a group may be out of favor and underperform the overall equity market for a long period of time.

### ***Who May Want to Invest in the Fund?***

The FPA Queens Road Value Fund is designed for investors who:

- seek an aggressive stock fund with the long-term goal of growth of capital
- seek a fund to complement a portfolio of more conservative investments
- are willing to accept significant changes (up or down) in the value of an investment

### ***The Fund is NOT appropriate for investors who:***

- want to avoid high volatility or possible losses
- want an investment that pursues market trends or focuses on particular sectors or industries
- are pursuing a short term goal or investing emergency reserve money
- are seeking regular income or preservation of capital

### **Performance**

The bar chart and Average Annual Total Returns table below provide an indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual returns for the 1, 5 and 10 calendar year periods compare with those of a broad-based securities market index. The chart and table reflect the reinvestment of dividends and distributions. In addition, the Fund's past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future.

To obtain updated monthly performance information, please visit the Fund's website at [www.fpa.com/funds](http://www.fpa.com/funds) or call (800) 982-4372.

***Performance Bar Chart***  
***Calendar Years Ended December 31***

Best Quarter:	Ended March 31, 2013	12.72%
Worst Quarter:	Ended December 31, 2018	-9.89%

The total return for Fund shares from January 1, 2020 to September 30, 2020 was -5.07%.

***Performance Table***  
***Average Annual Total Returns***

<b>FPA Queens Road Value Fund</b>	<b>1 Year Ended 12/31/19</b>	<b>5 Years Ended 12/31/19</b>	<b>10 Years Ended 12/31/19</b>
Return Before Taxes	23.91%	9.24%	10.67%
Return After Taxes on Distributions	22.94%	8.10%	9.89%
Return After Taxes on Distributions	14.85%	7.12%	8.70%
Benchmark: Russell 2000 Value	31.95%	9.52%	12.16%

After-tax returns are calculated using the highest historical individual federal marginal income tax rate and do not reflect the impact of state and local taxes. Actual after-tax returns depend on a shareholder's tax situation and may differ from those shown. The after-tax returns are not relevant if you hold your Fund shares in tax-deferred arrangements, such as 401(k) plans or individual retirement accounts ("IRA").

**Investment Adviser**

First Pacific Advisors, LP

**Sub-Adviser**

Bragg Financial Advisors, Inc.

**Portfolio Manager**

Steve Scruggs, CFA, Director of Research and Senior Portfolio Manager of the sub-adviser, has served the Fund as portfolio manager since 2004.

**Purchase and Sale of Fund Shares**

The minimum initial investment in the Fund is \$100,000 for regular accounts. For retirement plans, the minimum initial investment in the Fund is \$5,000. The minimum subsequent investment is \$100 for regular accounts and retirement plans. You may purchase and redeem shares of the Fund on any day that the New York Stock Exchange is open. Redemption requests may be made in writing, by telephone, or through a financial intermediary and will be paid by check or wire transfer.

Notice to Non-U.S. Resident Individual Shareholders. The Fund and its shares are only registered in the United States and its territories ("United States"). Regulations outside of the United States may restrict the sale of shares to certain non-U.S. residents or subject certain shareholder accounts to additional regulatory requirements. As a result, individuals resident outside the United States are generally not eligible to invest in the Fund. The Fund reserves the right, however, to sell shares to certain other non-U.S. investors in compliance with applicable law. If a current shareholder of the Fund provides a non-U.S. address, this will be deemed a representation and warranty from such investor that he/she is not a U.S. resident and will continue to be a non-U.S. resident unless and until the Fund is notified of a change in the investor's resident status. Any current shareholder that has a resident address outside of the United States may be restricted from purchasing additional shares.

**Tax Information**

Dividends and capital gain distributions you receive from the Fund, whether you reinvest your distributions in additional Fund shares or receive them in cash, are taxable to you at either ordinary income or capital gains tax rates unless you are investing through a tax-deferred plan such as an IRA or 401(k) plan.

**Information Regarding Transactions Through Financial Intermediaries**

Shareholders may be required to pay a commission directly to their broker or other financial intermediary when buying or selling shares of the Fund. Shareholders and potential investors may wish to contact their broker or other financial intermediary for information regarding applicable commissions, transaction fees or other charges associated with transactions in shares of the Fund.

**In addition, brokers, dealers, banks, trust companies and other financial representatives may receive compensation from the Fund or its service providers for providing a variety of services, which may include recordkeeping, transaction processing for shareholders' accounts and certain shareholder services not currently offered to shareholders that deal directly with the Fund. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's web site for more information.**

## **ADDITIONAL INFORMATION ABOUT PRINCIPAL INVESTMENT STRATEGIES AND RELATED RISKS**

### **Investment Objective**

The Fund's objective is long-term capital growth. The Fund's investment objective is fundamental and may not be changed without shareholder approval.

### **Principal Investment Strategies**

The Fund seeks to achieve its investment objective by investing primarily in the equity securities (common stocks, preferred stocks and convertible securities) of U.S. companies. Investments will be made based on their potential for capital growth without limitation on issuer capitalization.

The Fund's sub-adviser, Bragg Financial Advisors, Inc., invests the Fund's assets by pursuing a value-oriented strategy. The sub-adviser's strategy begins with a screening process that seeks to identify companies whose stocks sell at discounted price-to-earnings (P/E) and price-to-cash flow (P/CF) multiples. The sub-adviser favors companies that maintain strong balance sheets and have experienced management. Generally, the sub-adviser attempts to identify situations where stock prices are undervalued by the market. The sub-adviser sells securities when it believes they are trading for more than their intrinsic value, to generate tax losses to offset taxable gains, or if additional cash is needed to fund redemptions.

### ***Non-Principal Investment Strategies***

The Fund reserves the right to invest in other securities, as further detailed in the Fund's Statement of Additional Information.

### **Principal Investment Risks**

The risk descriptions below provide a more detailed explanation of the Fund's common principal investment risks (except as noted) that correspond to the risks described in the Fund's Fund Summary section of this Prospectus.

#### ***Equity risk***

The prices of equity securities rise and fall daily. These price movements may result from factors affecting individual companies, industries or the securities market as a whole. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response. In addition, the equity market tends to move in cycles which may cause stock prices to fall over short or extended periods of time.

#### ***Issuer-specific changes***

The value of an individual security can be more volatile than the market as a whole and can perform differently than the value of the market as a whole.

#### ***Market and geopolitical risk***

The prices of securities held by the Fund's may decline in response to certain events taking place around the world, including those directly involving the companies whose securities are owned by the Fund; conditions affecting the general economy; overall market changes; local, regional or global political, social or economic instability; and currency, interest rate and commodity price fluctuations. The value-oriented equity securities purchased by the Fund may not rise to the value anticipated by

the portfolio manager and may even decline in value. Investors in the Fund should have a long-term perspective and be able to tolerate potentially sharp declines in value. The value of your investment in the Fund is based on the market prices of the securities the Fund holds. These prices change daily due to economic and other events that affect markets generally, as well as those that affect particular regions, countries, industries, companies or governments. The increasing interconnectivity between global economies and financial markets increases the likelihood that events or conditions in one region or financial market may adversely impact issuers in a different country, region or financial market. Securities in the Fund's portfolio may underperform due to inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, epidemics, terrorism, regulatory events and governmental or quasi-governmental actions. The occurrence of global events similar to those in recent years, such as terrorist attacks around the world, natural disasters, social and political discord or debt crises and downgrades, among others, may result in market volatility and may have long term effects on both the U.S. and global financial markets. In addition, many countries have experienced outbreaks of infectious illnesses in recent decades, including swine flu, avian influenza, SARS and, more recently, COVID-19. The global outbreak of COVID-19 in early 2020 has resulted in various disruptions, including travel and border restrictions, quarantines, supply chain disruptions, lower consumer demand and general market uncertainty. The effects of COVID-19 have and may continue to adversely affect the global economy, financial markets and the economies of certain nations and individual issuers, any of which may negatively impact the Fund and its holdings. Similar consequences could arise as a result of the spread of other infectious diseases. There is a risk that you may lose money by investing in the Fund.

### ***Portfolio strategy***

The sub-adviser's skill in choosing appropriate investments for the Fund will determine in part the Fund's ability to achieve its investment objective. The sub-adviser's judgments about the attractiveness, value and potential appreciation of a particular security in which the Fund invests may prove to be inaccurate and may not produce the desired results. Additionally, if the sub-adviser overestimates the value or return potential of one or more securities, the Fund may underperform the equity market in general. The market may not agree with the sub-adviser's determination that a stock is undervalued, and the stock's price may not increase to what the sub-adviser believes is its full value. It may even decrease in value. During these periods, relative performance may suffer.

### ***Small and medium cap securities***

Investing in the securities of small and medium capitalization companies involves special risks. Among other things, the prices of securities of these companies generally are more volatile than those of larger companies; the securities of small and medium capitalization companies generally are less liquid; and smaller companies generally are more likely to be adversely affected by poor economic or market conditions. In addition, it is anticipated that some of the Fund's portfolio securities may not be widely traded, and that the Fund's position in such securities may be substantial in relation to the market for such securities. Accordingly, it may be difficult for the Fund to dispose of such securities quickly at prevailing market prices. Investments in securities of companies with small and medium market capitalizations are generally considered to offer greater opportunity for appreciation but also may involve greater risks than customarily are associated with more established companies. The securities of smaller and medium capitalization companies may be subject to more abrupt fluctuations in market price than larger, more established companies. Small and medium capitalization companies have limited product lines,

markets or financial resources, or they may be dependent upon a limited management group. In addition to exhibiting greater volatility, small cap stocks may, to a degree, fluctuate independently of larger cap stocks, i.e., small cap stocks may decline in price as the prices of large cap stocks rise or vice versa.

### ***Stock market volatility***

While stocks have historically outperformed other asset classes over the long term, stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market or economic developments. Different parts of the market can react differently to these developments.

### ***Value investing***

The value approach to investing involves the risk that those stocks may remain undervalued. Value stocks as a group may be out of favor and underperform the overall equity market for a long period of time, while the market concentrates on "growth" stocks. In addition, the Fund may forgo investments that show growth potential if they are inconsistent with its value investment strategy. Value funds often concentrate much of their investments in certain industries, and thus will be more susceptible to factors adversely affecting issuers within that industry than would a more diversified portfolio of securities.

### ***Cybersecurity***

The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach.

Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate its net asset value per share ("NAV"); impediments to trading; the inability of the Fund, the adviser, the sub-adviser, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which the Fund invests; counterparties with which the Fund engages in transactions; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions (including financial intermediaries and service providers for the Fund's shareholders); and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

## **Temporary Investments**

To respond to adverse market, economic, political or other conditions, the Fund may invest 100% of its total assets, without limitation, in high-quality short-term debt securities and money market instruments. These short-term debt securities and money market instruments include: shares of money market mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements. While the Fund is in a defensive position, the opportunity to achieve its investment objective will be limited. Furthermore, to the extent that the Fund invests in money market mutual funds for cash positions, there will be some duplication of expenses because the Fund pays its pro-rata portion of such money market funds' advisory fees and operational fees. The Fund may also invest a substantial portion of its assets in such instruments at any time to maintain liquidity or pending selection of investments in accordance with its policies.

## **Portfolio Holdings Disclosure**

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information. For instructions on how to obtain an SAI, please refer to the back cover of this prospectus.

# **MANAGEMENT**

## **Investment Adviser**

First Pacific Advisors, LP ("FPA") is the Fund's investment adviser. Together with its predecessor organizations, the Adviser has been in the investment advisory business since 1954, and has served as the Fund's investment adviser since November 2020. As compensation for the management and advisory services furnished to the Fund, FPA will be paid an annual advisory fee of 0.95% of the Fund's daily net assets. FPA manages assets of approximately \$23 billion and serves as the investment adviser for eight investment companies, including one closed-end investment company, and more than 40 institutional, sub-advised and private fund accounts. FPA is headquartered at 11601 Wilshire Boulevard, Suite 1200, Los Angeles, California 90025. A summary of the Board of Trustees' deliberations in approving the advisory agreement with FPA will be included in the Fund's semi-annual shareholder report dated November 30, 2020.

## **Sub-Adviser**

Bragg Financial Advisors, Inc. ("BFA"), a registered investment adviser located at 1031 South Caldwell Street, Suite 200, Charlotte, NC 28203, serves as the Fund's sub-adviser. BFA provides investment management and supervision to individuals and institutions. As of June 30, 2020, BFA manages over \$1.8 billion on a discretionary basis. Prior to November 2020, BFA served as the investment adviser to the Fund. As compensation for the management and advisory services furnished to the Fund, for the fiscal year ended May 31, 2020, BFA received an advisory fee of 1.18% of the Fund's average daily net assets. For its sub-advisory investment services, the Sub-adviser receives a sub-advisory fee from the FPA, computed quarterly and paid monthly, at a rate of 0.39% of the Fund's average daily net assets. A summary of the Board of Trustees' deliberations

in approving the sub-advisory agreement with BFA will be included in the Fund's semi-annual shareholder report dated November 30, 2020.

### **Portfolio Manager**

Steve Scruggs, CFA has been employed by BFA since January 2000. Mr. Scruggs is Director of Research and Senior Portfolio Manager of BFA. Mr. Scruggs holds a Bachelor's Degree from North Carolina State University and an MBA from Wake Forest University. He is a CFA charter holder and member of the CFA Institute.

The Fund's Statement of Additional Information contains additional information regarding Mr. Scruggs' compensation, other accounts managed by Mr. Scruggs, and Mr. Scruggs' ownership of securities in the Fund.

## **SHAREHOLDER INFORMATION**

if you have any questions about any such fees or imitations prior to buying or selling shares.

### **PURCHASE AND INVESTMENT MINIMUMS**

The minimum initial investment in the Fund is \$100,000 for regular accounts. For retirement plans, the minimum initial investment in the Fund is \$5,000. The minimum subsequent investment is \$100 for regular accounts and retirement plans. The Fund reserves the right to waive or lower purchase and investment minimums in certain circumstances. For example, the minimums listed above may be waived or lowered for investors who are Trustees or officers of the Fund, employees of the Adviser the Sub-Adviser and their affiliates, and/or customers of certain financial intermediaries that hold the Fund's shares in certain omnibus accounts, at the discretion of the officers of the Fund. In addition, financial intermediaries may impose their own minimum investment and subsequent purchase amounts. All orders are subject to acceptance, and we may reject purchases to protect other shareholders.

### **SHARE PRICE**

**Net Asset Value.** The Fund calculates its share price, also called net asset value, as of the close of trading on the New York Stock Exchange ("NYSE"), every day the NYSE is open, normally 4:00 p.m. Eastern time. The NYSE is closed not only on weekends but also on customary holidays, which currently are New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. Non-U.S. securities owned by the Fund may trade on weekends or other days when the Fund does not price its shares. As a result, the Fund's net asset value may change on days when you will not be able to purchase or redeem the Fund's shares. The share price is rounded to the nearest cent per share and equals the market value of all portfolio securities plus other assets, less all liabilities, divided by the number of Fund shares outstanding. Orders received by dealers before the NYSE closes on any business day are priced based on the share price for that day, as described in greater detail below. Orders received by UMB Fund Services, Inc. at the Fund's P.O. Box address are priced based upon the Fund's share price at the close of trading on the day received at the P.O. Box.

The Fund uses various methods and inputs to establish the value of its investments, other assets and liabilities. Use of particular methods and inputs may vary over time based on availability and relevance as market and economic conditions evolve. Equity securities are generally valued each

day at the official closing price of, or the last reported sale price on, the exchange or market on which such securities are principally traded, as of the close of business on that day. If there have been no sales that day, or if an equity security is unlisted, such equity securities are generally valued at the last available bid price. Fixed income securities are valued at the last reported sales price, if available and if the security is actively traded. Most fixed income securities are generally valued at prices obtained from pricing vendors. If no such vendor prices are available, such fixed income securities are valued using at least three broker quotes (or two broker quotes if three are not available). Vendors value fixed income securities based on one or more of the following inputs: transactions, bids, offers, quotations from dealers and trading systems, spreads and other relationships observed in the markets among comparable securities, benchmarks, underlying equity of the issuer, and proprietary pricing models such as cash flows, financial or collateral performance and other reference data (includes prepayments, defaults, collateral, credit enhancements, and interest rate volatility). Fixed-income and convertible securities listed on a national securities exchange for which the over-the-counter market more accurately reflects the securities' value in the judgment of the Fund's officers, are valued at the most recent bid price. Currency forwards are valued at the closing currency exchange rate which is typically not materially different from the forward rate. Short-term corporate notes with maturities of 60 days or less are valued at amortized cost.

Securities for which representative market quotations are not readily available or are considered unreliable by the Adviser are valued as determined in good faith under fair valuation procedures adopted by authority of the Board. For example, if trading in a security has been halted, suspended or otherwise materially restricted; a security has been de-listed from a national exchange; a security has not been traded for an extended period of time; there is other data that may call into question the reliability of market quotations; or if events occur between the close of markets outside the United States and the close of regular trading on the NYSE that, in the opinion of the Adviser, materially affect the value of any of the Fund's securities that trade principally in those international markets, those securities will be valued in accordance with such fair value procedures. Various inputs may be reviewed in order to make a good faith determination of a security's value. These inputs include, but are not limited to, the type and cost of the security; contractual or legal restrictions on resale of the security; financial statements of the issuer; size of the holding; relevant financial or business developments of the issuer; actively traded similar or related securities; conversion or exchange rights on the security; related corporate actions; significant events occurring after the close of trading in the security; changes in overall market conditions; reports prepared by internal or external analysts, third party pricing consultants and/or industry experts; valuations from brokers and/or market makers; and other factors that the Adviser reasonably believes to be relevant under the circumstances. Special valuation considerations may apply with respect to "odd-lot" fixed-income transactions, which due to their small size, may receive evaluated prices by pricing services that reflect a large block trade and not what actually could be obtained for the odd-lot position. Fair valuations and valuations of investments that are not actively trading involve judgment and may differ materially from valuations of investments that would have been used had greater market activity occurred. Use of fair valuation procedures is intended to result in more appropriate net asset values.

Additional fair value procedures are followed to address issues related to Fund holdings outside the United States. Non-U.S. securities held by the Fund trade in markets that open and close at different times, reflecting time zone differences. If significant events occur after the close of a market (and before the Fund's net asset value is next determined) which affect the value of these

portfolio securities, appropriate adjustments from closing market prices may be made to reflect these events. Events of this type could include, for example, significant price changes in other markets. The Fund may utilize an independent fair valuation service in adjusting the valuations of non-U.S. securities. In addition, such use is intended to reduce potential arbitrage opportunities otherwise available to short-term investors.

Orders received by authorized dealers, certain retirement plans and certain other financial intermediaries before the NYSE closes, if communicated to UMB Fund Services, Inc. by later deadlines on the following business day, are priced at the share price for the prior business day. The share price for sales (redemptions) of Fund shares is the first share price determined after UMB Fund Services, Inc. receives a properly completed request, except that sale orders received by an authorized dealer, certain retirement plans and certain other financial intermediaries before the NYSE closes are priced at the closing price for that day if communicated to UMB Fund Services, Inc. within the times specified by the Fund. No other action is required by the shareholder who places an order with a financial intermediary.

## **How to Redeem Your Shares**

**Redeeming (Selling) Your Shares—Redemption Payments May Be Made By Check, Wire or ACH.** You can redeem (sell) for cash without charge any or all of your Fund shares at any time by sending a written request to UMB Fund Services, Inc. Faxes are not acceptable. You can also place redemption requests through dealers, but they may charge a fee. If you are selling Fund shares from a retirement plan, you should consult the plan documentation concerning federal tax consequences and consult your plan custodian about applicable procedures for selling Fund shares.

The amount of time for a redeeming shareholder to receive redemption proceeds will vary based on the method of payment elected (*i.e.*, ACH, wire, check). Redemption proceeds by check will generally be mailed to you within three to seven business days after UMB Fund Services, Inc., receives a properly completed redemption request; and redemption proceeds by ACH or wire will generally be sent to you within one to three business days after UMB Fund Services, Inc., receives a properly completed redemption request (as described below under "Written Requests" and "Telephone Transactions"). Generally your redemption request cannot be processed on days the NYSE is closed. If you purchase shares by check and request a redemption before the check has cleared, the Fund may postpone payment of your redemption proceeds up to 15 days while the Fund waits for the check to clear.

Redemption proceeds are normally paid in cash; however, subject to the limits described below in "In-Kind Transactions," the Fund reserves the right to make payment for redeemed shares wholly or in part by giving the redeeming shareholder portfolio securities. For cash redemptions, under normal market conditions, the Fund typically expects to meet such redemption requests by using holdings of cash or cash equivalents and/or proceeds from the sale of portfolio securities. In addition, for temporary or emergency purposes, the Fund may borrow to meet redemption requests.

The right of redemption can be suspended and the payment therefore may be postponed for more than seven days during any period when: (a) the NYSE is closed for other than customary weekends or holidays; (b) trading on the NYSE is restricted; (c) an emergency exists as a result of which disposal by the Fund of securities it owns is not reasonably practicable or it is not reasonably practicable for the Fund to fairly determine the value of its net assets; or (d) the Securities and Exchange Commission, by order, so permits.

The Fund's transfer agent, consistent with relevant regulatory guidance or court rulings, may place a temporary hold on the payment of redemption proceeds from an account if the transfer agent reasonably believes that financial exploitation of a Specified Adult (as defined below) has occurred, is occurring, has been attempted, or will be attempted. For purposes of this paragraph, the term "Specified Adult" refers to an individual who is (A) a natural person age 65 and older, or (B) a natural person age 18 and older who is reasonably believed to have a mental or physical impairment that renders the individual unable to protect his or her own interests.

**Written Requests.** Requests must be signed by the registered shareholder(s). If you hold a stock certificate, it must be included with your written request. A signature guarantee is required if the redemption is:

- Made payable to someone other than the registered shareholder or to somewhere other than the registered address; or
- By a shareholder that is a corporation, partnership, trust or fiduciary.

A signature guarantee must be a Stamp 2000 Medallion Signature Guarantee and can be obtained from a bank or trust company; a broker or dealer; a credit union; a national securities exchange, registered securities association or clearing agency; or a savings and loan association. Additional documents such as articles of incorporation, business licenses, partnership agreements or trust documents may be required for sales by corporations, partnerships, trusts, fiduciaries, executors or administrators.

**Telephone Transactions.** You must elect the option on the Account Application to have the right to sell your shares by telephone. If you wish to make an election to have the right to sell your shares via telephone or to change such an election after opening an account, you will need to complete an Account Privileges Change Form with a signature guarantee. Sales via telephone are not available for shares in certificate form.

If you have elected the option to sell your Fund shares by telephone, you may direct that a check for the proceeds payable to the shareholder of record be mailed to the address of record or you may designate a bank account to receive the proceeds of such redemptions. There is a \$3.50 charge per wire. No telephone redemptions to the address of record will be processed within 30 days of a change in the address of record.

UMB Fund Services, Inc. uses procedures it considers reasonable to confirm redemption instructions via telephone, including requiring account registration verification from the caller and recording telephone instructions. Neither UMB Fund Services, Inc. nor the Fund is liable for losses due to unauthorized or fraudulent instructions if there is a reasonable belief in the authenticity of received instructions and reasonable procedures are employed. During periods of significant economic or market changes, it may be difficult to sell your shares by telephone.

The Fund can change or discontinue telephone redemption privileges without notice.

**Automatic Redemption (Sale) of Your Shares.** If as a result of a redemption, your account value falls below \$500, the Fund can direct UMB Fund Services, Inc. to redeem your remaining Fund shares. In such case, you will be notified in writing that your account value is insufficient and be given up to 60 days to increase it to \$500.

**Escheatment.** If your account is deemed "abandoned" or "unclaimed" under state law, the Fund may be required to "escheat" or transfer the assets in your account to the applicable state's

unclaimed property administration. The state may sell escheated Fund shares and, if you subsequently seek to reclaim your proceeds of liquidation from the state, you may only be able to recover the amount received when the shares were sold. Escheatment rules vary considerably by state. Please check your state's unclaimed or abandoned property department website for specific information. It is your responsibility to ensure that you maintain a correct address for your account, keep your account active, and promptly cash all checks for dividends, capital gains and redemptions. Neither the Fund, the Fund's transfer agent, the Fund's distributor nor the Adviser or its affiliates will be liable to shareholders or their representatives for good faith compliance with state escheatment laws.

### ***Shareholders' Accounts***

When you invest in the Fund, the Transfer Agent will establish an account to which all full and fractional shares (to three decimal places) will be credited. Your purchase will receive the NAV next calculated after the Transfer Agent has received your order. The Fund will not issue share certificates evidencing shares of the Fund. Instead, your account will be credited with the number of shares purchased, relieving you of responsibility for safekeeping of certificates and the need to deliver them upon redemption.

### ***Initial Purchase***

The initial purchase may be made by check or by wire in the following manner:

#### ***By Check***

You should complete and sign the account application which accompanies this Prospectus, and send it along with a check for the initial investment payable to the FPA Queens Road Value Fund to:

#### **Regular Mail**

UMB Fund Services, Inc.  
P.O. Box 2175  
Milwaukee, Wisconsin 53201

#### **Overnight Delivery**

UMB Fund Services, Inc.  
235 West Galena Street  
Milwaukee, Wisconsin 53212-3948

Please include on your check the name of the Fund: FPA Queens Road Value Fund

#### ***By Wire***

In order to expedite the investment of funds, you may advise your bank or broker to transmit funds via Federal Reserve Wire System to:

UMB Bank, n.a.  
1010 Grand Blvd.  
Kansas City, MO 64106  
ABA #: 101000695  
For credit to: FPA Queens Road Funds  
For further credit to:

Account #: 9871996352  
Investor Account Number  
Name or Account Registration  
SSN or TIN  
Name of Fund to be purchased

Your name and account number (if available) should also be provided. Your bank may charge a fee for the wire transfer of funds, which is your responsibility.

In addition, all shareholder inquiries regarding either Fund, including any requests for copies of the Fund's Statement of Additional Information ("SAI"), should be directed to:

UMB Fund Services, Inc.  
235 West Galena Street  
Milwaukee, Wisconsin 53212-3948

### ***Through Brokers***

The Fund may be made available through a network of brokers. Please check with your broker on the availability of the Fund.

### ***Subsequent Purchases***

You may make additional purchases in the following manner:

#### ***By Check***

You should mail a check made payable to the Fund to the Transfer Agent. Include your account number on the check.

#### ***By Wire***

Funds may be wired by following the previously stated instructions for an initial purchase.

An order confirmation will be mailed to you.

### ***Automatic Investment Plan***

The Automatic Investment Plan permits you to purchase shares of the Fund at monthly intervals, provided that your bank allows automatic withdrawals. At your option, the bank account that you designate will be debited by an amount that you specify, and such funds will be used to purchase shares of the Fund on a monthly basis. To participate in the Automatic Investment Plan, call the Transfer Agent at (800) 638-3060 to obtain the appropriate forms. The Automatic Investment Plan does not assure a profit and does not protect against loss in declining markets. You may terminate your participation with the Automatic Investment Plan at any time by notifying the Transfer Agent in writing.

### ***Other Information Concerning Purchase of Shares***

The Fund reserves the right to reject any order, to cancel any order due to non-payment and to waive or lower the investment minimums with respect to any person or class of persons. If an order is canceled because of non-payment or because your check does not clear, you will be responsible for any loss that the Fund incurs. If you are already a shareholder, the Fund can redeem shares from your account to reimburse it for any loss. For purchases of \$50,000 or more, the Fund may, in its discretion, require payment by wire or cashier's or certified check. Cash, money orders and travelers checks are not accepted as payment for shares.

### ***Medallion Signature Guarantee***

In addition to the situations described above, the Fund reserves the right to require a Medallion signature guarantee in other instances based on the circumstances relative to the particular situation. Shareholders redeeming more than \$50,000 worth of their shares by mail should submit written instructions with a Medallion signature guarantee from an eligible institution acceptable to the Transfer Agent, such as a domestic bank or trust company, broker, dealer, clearing agency or savings association, or from any participant in a Medallion program recognized by the Securities Transfer Association. The three recognized Medallion programs are Securities Transfer Agents Medallion Program, Stock Exchanges Medallion Program and New York Stock Exchange, Inc. Medallion Signature Program. Signature guarantees that are not part of these programs will not be accepted. Participants in Medallion programs are subject to dollar limitations which must be considered when requesting their guarantee. The Transfer Agent may reject any signature guarantee if it believes the transaction would otherwise be improper. A notary public cannot provide a signature guarantee.

### ***Systematic Withdrawal Plan***

If you have an account with a value of \$10,000 or more, you can make monthly, quarterly, semi-annual or annual withdrawals of \$50 or more by electing this option on the Account Privileges Change Form. Under this arrangement, sufficient Fund shares will be sold to cover the withdrawals and the proceeds will be forwarded to you as directed on the Account Privileges Change Form. If withdrawals continually exceed reinvestments, your account will be reduced and ultimately exhausted. Please note that concurrent withdrawals and purchases are ordinarily not in your best interest and you will generally recognize any taxable gains or losses on the withdrawals.

### ***Other Information Concerning Redemption***

The Fund has elected to be governed by Rule 18f-1 under the Investment Company Act of 1940 pursuant to which the Fund is obligated during any 90 day period to redeem shares for any one shareholder of record solely in cash up to the lesser of \$250,000 or 1% of the net asset value of the Fund at the beginning of the period. Should a redemption exceed such limitation, the Fund may deliver, in lieu of cash, readily marketable securities from its portfolio. The securities delivered will be selected at the sole discretion of the Fund, will not necessarily be representative of the entire portfolio and may be securities which the Fund would otherwise sell. The redeeming shareholder will usually incur brokerage costs in converting the securities to cash. The method of valuing securities used to make the redemptions in kind will be the same as the method of valuing portfolio securities and such valuation will be made as of the same time the redemption price is determined.

### ***How to Exchange Your Shares***

You can add to an existing FPA Fund account or start a new FPA Fund account by exchanging your shares of the Fund for shares of other FPA Funds, namely FPA Capital Fund, Inc., FPA Crescent Fund, FPA Flexible Fixed Income Fund, FPA New Income, Inc., and FPA U.S. Value Fund, Inc. The availability of shares of FPA Capital Fund, Inc. and FPA New Income, Inc. to new investors is limited as described in each fund's prospectus.

The Fund can change or discontinue the right to exchange Fund shares into other FPA Funds upon 60 days' notice to shareholders.

You can exercise your exchange privileges either by written instructions or telephone (telephone exchange privileges are available unless you specifically decline them on the Account Application).

Exchanges and purchases are effected at the share price next determined after receipt of a proper request (as described above under "Written Requests") by UMB Fund Services, Inc.

For federal income tax purposes, an exchange is treated as a sale of Fund shares and could result in a capital gain or loss.

**Exchanges are subject to the following restrictions:**

- You are limited to four exchanges in one account during any calendar year;
- Shares must be owned 15 days before exchanging, and cannot be in certificate form unless you deliver the certificate when you request the exchange;
- An exchange is subject to the same initial investment minimums required for each particular FPA Fund and, at a minimum, requires the purchase of shares with a value of at least \$1,000; and
- Exchanges are subject to the same signature and signature guarantee requirements applicable to the redemption of shares.

**For more information or for prospectuses for other FPA Funds, please visit <https://www.fpa.com/funds>. You should read the prospectuses of these other funds and consider differences in objectives and policies before making any exchange.**

## **FREQUENT PURCHASES AND REDEMPTIONS OF FUND SHARES**

### ***Excessive Trading and Market Timing***

The Fund is not intended as a vehicle for frequent trading and/or market timing in an attempt to profit from short-term fluctuations in the securities markets and does not accommodate frequent trading. The Board has adopted policies and procedures designed to deter or prevent frequent purchases and redemptions. Such trading could interfere with the efficient management of the Fund's portfolio, increase brokerage and administrative costs and dilute the value of Fund shares held by long-term investors. In addition, exchanges between this Fund and the other FPA Funds are limited to no more than four exchanges during any calendar year (see the section titled "How to Exchange Your Shares"). Irrespective of exchange limits, the Fund reserves the right to reject any purchase request (including in connection with an exchange) if management determines in its discretion that the request may be part of a pattern of excessive trading that could adversely affect the Fund. Notifications will be made in writing by the Fund within five days. There can be no assurance that the Fund will successfully detect or prevent market timing.

## **DISTRIBUTIONS AND TAXES**

### **DISTRIBUTIONS**

The Fund earns income from its investments and distributes that income, if and to the extent it exceeds expenses, to its shareholders as dividends. The Fund also realizes capital gains and losses from the sale or exchange of its investments and distributes any net capital gains to its shareholders

as capital gain distributions (as used in this section, together with income dividends, "distributions"). The Fund distributes any distributions at least annually.

Distributions the Fund pays may be reinvested automatically in Fund shares at net asset value or taken in cash. If your account is held directly with the Fund and you would like to receive distributions in cash, contact UMB Fund Services, Inc. at (800) 638-3060. If your account is with a securities dealer or other financial intermediary that has an agreement with the Fund, contact your dealer or intermediary about which option you prefer.

**Householding:** To reduce expenses, we mail only one copy of the prospectus and each annual and semi-annual report to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, please call the Fund at (800) 638-3060 on days the Fund is open for business or contact your financial institution. We will begin sending you individual copies thirty days after receiving your request.

## TAXES

Except for tax-advantaged retirement plans and accounts and other tax-exempt investors, all Fund distributions you receive generally are subject to federal income tax, whether you receive them in cash or reinvest them in additional shares. Fund distributions to IRAs (including Roth IRAs) and qualified retirement plans generally are tax-free, but may be taxable upon later distribution from such accounts.

Distributions of net investment income, the excess of net short-term capital gain over net long-term capital loss, and net gains (if any) from certain non-U.S. currency transactions (*i.e.*, "dividends") are generally taxed as ordinary income. The Fund's dividends attributable to "qualified dividend income" (generally, dividends it receives on stock of most U.S. and certain non-U.S. corporations with respect to which the Fund satisfies certain holding period and other restrictions) are subject to federal income tax for individual and certain other non-corporate shareholders (each, an "individual shareholder") who satisfy those restrictions with respect to their Fund shares at the rates for long-term capital gains—a maximum of 15% or 20%, depending on whether the individual shareholder's income exceeds certain threshold amounts.

Distributions of net capital gain (*i.e.*, the excess of net long-term capital gain over net short-term capital loss) are generally taxed as long-term capital gain and, for individual shareholders, are subject to the 15% or 20% maximum federal income tax rates mentioned above. The tax treatment of capital gain distributions from the Fund depends on how long the Fund held the securities it sold that generated the gain, not when you bought your Fund shares or whether you reinvested your distributions.

Fund distributions generally are taxable to you in the year you receive them. In some cases, however, distributions you receive in January are taxable as if they had been paid the previous December 31.

When you sell (redeem) Fund shares, including pursuant to an exchange, you generally will realize a taxable gain or loss. An exception, once again, applies to tax-advantaged retirement plans and accounts and other tax-exempt investors. Any capital gain that an individual shareholder recognizes on a redemption of his or her Fund shares that have been held for more than one year will qualify for the 15% or 20% maximum federal income tax rates mentioned above.

The federal income tax you actually owe on Fund distributions and share transactions can vary with many factors, such as your marginal tax bracket, how long you held your shares and whether you owe federal alternative minimum tax. Shortly after the end of each calendar year, the Fund will send you a tax statement that will detail the distributions you received during that year and will show their tax status. This may be separate from the statement that covers your share transactions. Most importantly, consult your tax professional. Everyone's tax situation is different, and your tax professional should be able to help you answer any questions you may have.

The Fund is required to withhold 24% of the money you are otherwise entitled to receive from its distributions and redemption proceeds (regardless of whether you realize a gain or loss) if you are an individual shareholder who fails to provide a correct taxpayer identification number to the Fund (together with the withholding described in the next sentence, "backup withholding"). Withholding at that rate also is required from the Fund's distributions to which you are otherwise entitled if you are such a shareholder and the Internal Revenue Service ("Service") tells the Fund that you are subject to backup withholding or you are subject to backup withholding for any other reason. Backup withholding is not an additional tax, and any amounts so withheld may be credited against a shareholder's federal income tax liability or refunded.

If you buy shares when the Fund has earned or realized, but not yet distributed, ordinary income or net capital gains, you will be "buying a dividend" by paying the full price of the shares and then receiving a portion of the price back in the form of a taxable distribution. You can avoid this situation by waiting to invest until after the record date for the distribution.

Distributions are taxable to you even if they are paid from income or gain earned by the Fund before your investment (and thus were included in the price you paid for your Fund shares).

The amounts of the Fund's distributions are driven by federal tax requirements. The Fund's required taxable distributions to shareholders may be significant even if the Fund's overall performance for the period is negative.

Generally, if you are investing in the Fund through a tax-advantaged retirement plan or account, distributions paid by the Fund are not taxable to you on a current basis (but may be taxable upon withdrawal from such plan or account).

An individual is required to pay a 3.8% tax on the lesser of (1) the individual's "net investment income," which generally includes distributions the Fund pays and net gains realized on the redemption or exchange of Fund shares, or (2) the excess of the individual's "modified adjusted gross income" over a threshold amount (\$250,000 for married persons filing jointly and \$200,000 for single taxpayers). This tax is in addition to any other taxes due on that income. A similar tax applies to estates and trusts. Shareholders should consult their own tax advisers regarding the effect, if any, this provision may have on their investment in Fund shares.

A Fund shareholder's basis in Fund shares acquired after December 31, 2011 ("Covered Shares"), will be determined in accordance with the Fund's default method, which is HIFL (highest in, first long-term) basis, unless the shareholder affirmatively elects in writing (which may be electronic) to use the average basis method or a different acceptable basis determination method (*e.g.*, a specific identification method). The method a Fund shareholder elects (or the default method) may not be changed with respect to a redemption of Covered Shares after the settlement date of the redemption.

In addition to the requirement to report the gross proceeds from the redemption of shares, the Fund (or its administrative agent) must report to the Service and furnish to its shareholders the basis information for Covered Shares and indicate whether they had a short-term (one year or less) or long-term (more than one year) holding period. Fund shareholders should consult with their tax advisers to determine the best Service-accepted basis method for their tax situation and to obtain more information about how the basis reporting law applies to them.

Shareholders other than U.S. persons may be subject to a different U.S. federal income tax treatment, including withholding tax at the rate of 30% on amounts treated as ordinary dividends from the Fund, as discussed in more detail in the SAI.

This section summarizes some of the consequences under current federal income tax law of an investment in the Fund. It is not a substitute for personal tax advice. **Consult your tax adviser about the potential tax consequences of an investment in the Fund under all applicable tax laws.**

## FINANCIAL HIGHLIGHTS

### *Financial Highlights Information*

The financial highlights tables are intended to help you understand the Fund's financial performance for the last five years and reflects financial results for a single fund share. The total returns in the table represent the rate that an investor would have earned each year on an investment in the Fund (assuming the reinvestment of dividends and distributions). The information has been audited by the Fund's Independent Registered Public Accounting Firm, Cohen & Company, Ltd., whose report, along with the Fund's financial statements, is included in the Fund's Annual Report, which is available upon request.

For the Years Ended	5/31/2020	5/31/2019	5/31/2018	5/31/2017	5/31/2016

**OTHER FUND INFORMATION**

**Annual/Semi-Annual Report to Shareholders**

Additional information about the Fund's investments and performance is available in the Fund's annual and semi-annual reports to shareholders. In the Fund's annual report, you will find a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during its last fiscal year.

**Statement of Additional Information (SAI)**

The SAI contains more detailed information on all aspects of the Fund. A current SAI has been filed with the SEC and is incorporated by reference into this prospectus.

Shareholder reports and other information about the Fund (including the SAI) are available without charge, upon request, by calling UMB Distribution Services, LLC and on the EDGAR database on the Securities and Exchange Commission's ("SEC") Web Site at <http://www.sec.gov>, and copies of this information may be obtained, upon payment of a duplicating fee, by electronic request at [publicinfo@sec.gov](mailto:publicinfo@sec.gov).

*For more information, to request a free copy of any of the documents above or to discuss any questions about the Fund you may contact UMB Distribution Services, LLC at 235 West Galena Street, Milwaukee, Wisconsin 53212, or (800) 982-4372, except from Alaska, Hawaii, Puerto Rico and U.S. Virgin Islands (where you may call collect (310) 473-0225), or go to <https://www.fpa.com/funds>.*
