Principal Investment Strategy

The Smead Value Fund (the "Fund") seeks long-term capital appreciation through concentrated positions, therefore the Fund will maintain approximately 25-30 companies in its portfolio. The Fund invests in U.S. large capitalization ("large cap") companies through the ownership of common stock.

Investment Philosophy

1. **Valuation matters dearly.**
2. **We are business owners on behalf of our clients.**
3. **We seek out high-quality businesses.**

The Eight Criteria

Over the entire holding period, each holding is required to:

- » Meet an economic need
- » Boast a strong competitive advantage (wide moats or barriers to entry)
- » Have a long history of profitability and strong operating metrics
- » Generate high levels of free cash flow
- » Be available at a low price in relation to its intrinsic value

Favored, but not required criteria include:

- » Management's history of shareholder friendliness
- » Strong balance sheet
- » Strong insider ownership (preferably with recent purchases)
