Ticker: DRIPX

ANNUAL REPORT

February 28, 2021

SHAREHOLDER LETTER FEBRUARY 28, 2021 (UNAUDITED)

Dear Fellow Shareholders.

Your Fund continues to follow the investing guidelines that were established at its inception in March 1999: At least 80% of our assets are invested in what we consider to be high-quality companies that pay dividends and offer the option to invest directly through the company-sponsored Dividend Reinvestment Plan (DRIP). As portfolio managers, we make an effort to minimize fund expenses and we are mindful of the effect of capital gains on your taxable income.

While we recognize the danger of giving too much heed to short-term results, we are happy to report the continuation of the Fund's Morningstar® overall 5-Star ranking and Gold Medal.

As we write this, the market is near its historic highs. About one year after the Covid-19-related stock market sharp decline, when Fund assets dropped to \$51,834,604, as of April 8, our assets have rebounded to more than \$93 million during the year. This is at least in part due to our having funds available to buy into that market decline. And that's because of the disciplined investing style of many DRIPX Fund shareholders!

Our shareholders continue to display the good judgement and discipline that has been the hallmark of the Fund's success over the years. While many mutual funds are selling shares to satisfy redemption requests, your fund has had net inflow during this period of high anxiety.

The best performing stocks in the portfolio during the fiscal year were: Deere & Co. (DE), with a cumulative return (including dividends) of 116.55%, Caterpillar Inc. (CAT): 73.94%, Qualcomm Inc. (QCOM): 73.31%, The Walt Disney Co. (DIS): 57.56%, and Corning Inc. (GLW): 59.56%. The worst performing stocks in the portfolio during the period were: AT&T Inc. (T), with a cumulative loss (including dividends) of 19.51%, Magellan Midstream Partners LP (MMP), with a loss of 18.57%, Dominion Energy Inc. (D), with a loss of 16.30%, Gilead Sciences Inc. (GILD), with a loss of 15.19% and Coca-Cola Co. (KO), with a loss of 9.42%.

Given that Fund assets were relatively small during the period from March 1, 2020 through February 28, 2021, our expense ratio of 0.71% was still relatively low compared with other similarly managed funds (according to Morningstar®, the average Large-Cap No-Load fund had an Expense Ratio of 0.85%). Nevertheless, expenses did rise from the year before, when the Expense Ratio was only 0.69%. As assets grow, the expense ratio will decline and if assets were to decline, the ratio would go up.

The Fund continues to do better than its peers in its Morningstar® category, Large-Cap Value. And we have done that with lower risk as measured by the Fund's Beta. As of February 28th, 2021, DRIPX's Beta was 0.91, which means that it was less volatile than the market as a whole as described by the S&P Index. It was also less volatile than its Morningstar® Category, which had a Beta of 1.03, and less volatile than its best-fit Index, which also had a Beta of 1.03.

During the 12-month period ending February 28th, the fund experienced a total return of 22.26%, compared with 31.29% for the S&P 500® Index and 21.50% for the iShares Russell 1000 Value ETF. We are comfortable with our approach to building wealth over the long term and thank you for your confidence and, again, we congratulate you for the restraint you have shown during market sell-offs.

Vita Nelson

Mario Medina

April 8, 2021

Past performance is not a guarantee of future results.

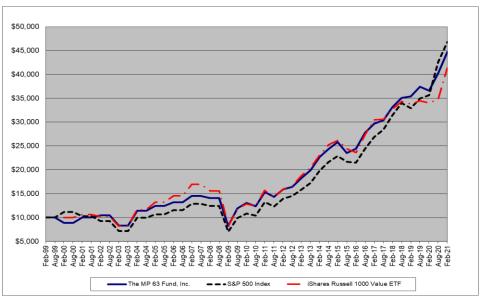

Must be preceded or accompanied by a prospectus. Mutual fund investing involves risk. Principal loss is possible.

Fund holdings are subject to change and should not be considered a recommendation to buy or sell any security. Please refer to the schedule of investments in the report for complete holdings information.

PERFORMANCE ILLUSTRATION FEBRUARY 28, 2021 (UNAUDITED)

AVERAGE ANNUAL RATE OF RETURN (%) FOR PERIODS ENDING FEBRUARY 28, 2021

					<u>Annualized</u>	Cumulative	
	Six				Since	Since	Ending
	Months	1 Year	5 Year	10 Year	Inception	Inception	Value
The MP63 Fund, Inc.	10.96%	22.26%	12.84%	11.28%	7.05%	347.02%	\$ 44,702
S&P 500 Index	9.74%	31.29%	16.83%	13.43%	7.26%	367.78%	\$ 46,778
iShares Russell 1000							
Value ETF	19.03%	21.50%	11.85%	10.19%	7.07%	313.46%	\$ 41,346

This chart assumes an initial investment of \$10,000 made on the closing of February 28, 1999. Total return is based on the net change in NAV and assuming reinvestment of all dividends and other distributions. Performance figures represent past performance which is not predictive of future performance. Investment return and principal value will fluctuate so that your shares, when redeemed, may be worth more or less than their original cost. The returns shown do not reflect taxes that a shareholder would pay on fund distributions or on the sale of fund shares.

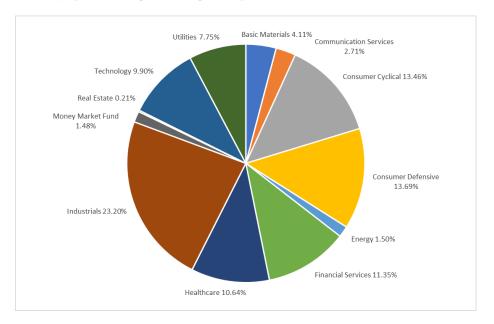

The Standard & Poor's 500 Index ("S&P 500") is a market value-weighted index, representing the aggregate market value of the common equity of 500 stocks primarily traded on the New York Stock Exchange. The S&P 500 is a widely recognized, unmanaged index of common stock prices. The figures for the S&P 500 reflect all dividends reinvested but do not reflect any deductions for fees, expenses or taxes.

The iShares Russell 1000 Value ETF seeks to track the investment results of an index composed of largeand mid-capitalization U.S. equities that exhibit value characteristics. The returns shown do not reflect taxes that a shareholder would pay on fund distributions or on the sale of fund shares.

The performance information shown represents past performance and should not be interpreted as indicative of The MP63 Fund, Inc.'s future performance. The performance also reflects reinvestment of all dividend and capital gain distributions. The returns shown do not reflect taxes that a shareholder would pay on fund distributions or on the redemption of fund shares.

PORTFOLIO ILLUSTRATION FEBRUARY 28, 2021 (UNAUDITED)

The following chart gives a visual breakdown of the Fund by the industry sectors the underlying securities represent as a percentage of the schedule of investments.

Sectors are categorized using Morningstar® classifications.

NOTES TO FINANCIAL STATEMENTS FEBRUARY 28, 2021

NOTE 1. ORGANIZATION

The MP63 Fund, Inc. (the "Fund") is organized as a Maryland Corporation, incorporated on October 13, 1998, and registered as an open-end, diversified, management investment company under the Investment Company Act of 1940, as amended. The Fund's business and affairs are managed by its officers under the direction of its Board of Directors (the "Board"). The Fund's investment objective is to seek long-term capital appreciation for shareholders.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed by the Fund in the preparation of its financial statements. The Fund is an investment company that follows the accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946 applicable to investment companies.

A. Security Valuation - Portfolio securities traded on a national securities exchange are stated at the last reported sales price or a market's official close price on the day of valuation. Portfolio securities for which market quotations are readily available are valued at fair value. Portfolio securities for which market quotations are not considered readily available are valued at fair value on the basis of valuations furnished by a pricing service approved by the Board. Portfolio companies during this reporting period are all widely traded and pricing information is readily available.

Mutual Funds must utilize various methods to measure the fair value of most of its investments on a recurring basis. Accounting principles generally accepted in the United States of America ("U.S. GAAP") establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

- Level 1 Unadjusted quoted prices in active markets for identical assets the Fund has the ability to access.
- Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuating the asset or liability, and would be based on the best information available.

To the extent that valuation is based on models or inputs that are less observable or unobservable, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. However, the inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) FEBRUARY 28, 2021

The following table summarizes the valuation of the Fund's investments by the above fair value hierarchy levels as of February 28, 2021:

(Assets)	Level 1	L	evel 2	L	evel 3	<u>Total</u>

Money Market Fund	1,264,824		-		-	1,264,824
Total	\$85,569,482	\$	-	\$	-	\$85,569,482

The Fund did not hold any Level 3 assets during the year ended February 28, 2021. The Fund did not engage in any derivative transactions during the year ended February 28, 2021.

- B. Security Transactions and Related Investment Income Securities transactions are accounted for on the trade date. Gains and losses on sales of securities are determined on a specific identification basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.
- C. Federal Income Taxes The Fund's policy is to continue to comply with requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its net investment income as dividends to its shareholders. The Fund intends to distribute its net long-term capital gains and net short-term capital gains at least once a year. Therefore, no provision for federal income taxes is required.

The Fund recognizes the tax benefits of certain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. As of and during the year ended February 28, 2021, management has analyzed the Fund's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken in the Fund's open tax years or expected to be taken in the Fund's 2021 tax returns. The Fund identifies its major tax jurisdictions as U.S. Federal and certain State tax authorities; however, the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the statement of operations. As of and during the year ended February 28, 2021, the Fund did not incur any interest or penalties.

- D. Dividends and Distributions to Shareholders The Fund records dividends and distributions to shareholders on the ex-dividend date. The Fund will distribute its net investment income, if any, and net realized capital gains, if any, annually.
- E. Cash The Fund maintains cash at its custodian which, at times, may exceed United States federally insured limits. Financial instruments that potentially subject the Fund to credit risk include cash deposits in excess of federally insured limits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) FEBRUARY 28, 2021

- F. Use of Estimates The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.
- G. Share Valuation The net asset value (the "NAV") is generally calculated as of the close of trading on the New York Stock Exchange (the "Exchange") (normally 4:00 p.m. Eastern time) every day the Exchange is open. The NAV is calculated by taking the total value of the Fund's assets, subtracting its liabilities, and then dividing by the total number of shares outstanding, rounded to the nearest cent. The offering price and redemption price per share are equal to the net asset value per share, except for shares redeemed within 6 months.

NOTE 3. INVESTMENT ADVISORY AGREEMENT AND OTHER RELATED PARTY TRANSACTIONS

The Fund has entered into an investment advisory agreement (the "Agreement") with The Moneypaper Advisor, Inc. (the "Advisor"). Under this Agreement, the Advisor provides the Fund with investment advice and supervises the Fund's investments. As compensation for the services rendered, the Fund pays the Advisor a fee accrued daily based on an annualized rate of 0.35% of the daily net asset value. For the year ended February 28, 2021, the Advisor earned fees of \$262,083. At February 28, 2021, the Fund owed the Advisor \$24,000 for advisory fees.

The Advisor has voluntarily agreed to waive its fee and to reimburse the Fund for other expenses if the total operating expenses of the Fund exceed an annual rate of 1.25% of average daily net assets. The Advisor did not waive any fees or reimburse the Fund during the year ended February 28, 2021.

The Fund has agreements in place with Mutual Shareholder Services ("MSS") to provide administrative, transfer agency, and fund accounting services. Under these agreements, MSS is paid a fixed annual fee for accounting and administration services which increases incrementally at specified asset thresholds, plus blue sky servicing fees paid on a per filing basis. For transfer agency services, MSS receives a fixed fee per account, subject to an annual minimum. For the year ended February 28, 2021, the Fund paid MSS \$58,073 for the services that it provided to the Fund, comprised of \$39,126 in accounting and administrative services and \$18,947 in transfer agency services. At February 28, 2021, \$6,289 was due to MSS for services provided.

The Fund entered into an Administrative and Operating Services Agreement with Moneypaper Publications LLC, the parent of the Advisor. Under this agreement, Moneypaper Publications LLC provides services to the Fund that are necessary for operation and not provided by other parties. These fund servicing expenses amounted to \$42,000 for the year ended February 28, 2021. At February 28, 2021, the Fund owed \$3,351 for fund servicing expenses.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) FEBRUARY 28, 2021

Vita Nelson is an officer and director of the Advisor and also an officer and director of the Fund. The Fund currently pays each Independent Director an annual retainer of \$2,000 for regular compensation. The Fund currently does not pay special compensation to any Director. Vita Nelson, as the Interested Director, does not receive any compensation from the Fund for her services as a Director. For the year ended February 28, 2021, the Fund incurred \$8,000 in regular compensation director fees and expenses.

The Fund pays the Chief Compliance Officer \$1,000 per month. For the year ended February 28, 2021, the Fund paid the Chief Compliance Officer \$11,965.

NOTE 4. INVESTMENT TRANSACTIONS

For the year ended February 28, 2021, purchases and sales of securities, excluding short-term investments, aggregated \$8,576,048 and \$7,158,236, respectively. Cumulative unrealized appreciation (depreciation) on a tax basis amounted to the following: Unrealized appreciation \$46,956,710, Unrealized depreciation (\$427,675), Net unrealized appreciation \$46,529,035.

For Federal income tax purposes, the cost of investments owned at February 28, 2021 was \$39,040,447. The difference between book and tax cost of investments represents the deferral of losses on wash sales and partnership basis adjustments.

NOTE 5. TAX INFORMATION

Distributions are determined on a tax basis and may differ from net investment income and realized capital gains for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among the components of net assets in the financial statements to reflect their tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized in different periods for financial statement and tax purposes; these differences will reverse at some time in the future. Differences in classification may also result from the treatment of short-term gain as ordinary income for tax purposes. Due to permanent book to tax differences the following adjustments have been made by management as of February 28, 2021. Reclassifications have no effect on net assets, results of operations or net asset value per share of the Fund.

Paid In Capital \$ (21,067)
Distributable Earnings \$ 21,067

The permanent differences were mainly due to non-deductible partnership expenses and prior year true-ups.

As of February 28, 2021, the components of distributable earnings on a tax basis were as follows: Undistributed ordinary income \$93,321, undistributed capital gains \$540,633, unrealized appreciation \$46,529,035, for a total distributable earnings of \$47,162,989.

The tax character of distributions paid during the fiscal year ended February 28, 2021 was as follows:

Distributions paid from: Ordinary income \$1,347,680, Long term capital gains \$1.497.523.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) FEBRUARY 28, 2021

The tax character of distributions paid during the fiscal year ended February 29, 2020 was as follows:

Distributions paid from: Ordinary income \$1,247,761, Long term capital gains \$1,372,969.

NOTE 6. INDEMNIFICATIONS

In the normal course of business, the Fund enters into contracts that contain general indemnification to other parties. The Fund's maximum exposure under these contracts is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The Fund expects the risk of loss to be remote.

NOTE 7. MARKET RISK

Overall market risks may also affect the value of the Fund. Factors such as domestic economic growth and market conditions, interest rate levels and political events affect the securities markets. Local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issue, recessions and depressions, or other events could have a significant impact on the Fund and its investments, and may impair market liquidity, thereby increasing liquidity risk. The Fund could lose money over short periods due to short-term market movements and over longer periods during more prolonged market downturns. During a general market downturn, multiple asset classes may be negatively affected. Changes in market conditions and interest rates can have the same impact on all types of securities and instruments.

An outbreak of infectious respiratory illness caused by a novel coronavirus known as COVID-19 was first detected in China in December 2019 and has now been detected globally. This coronavirus has resulted in travel restrictions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, prolonged quarantines, cancellations, supply chain disruptions, and lower consumer demand, as well as general concern and uncertainty. The impact of COVID-19, and other infectious illness outbreaks that may arise in the future, could adversely affect the economies of many nations or the entire global economy, individual issuers and capital markets in ways that cannot necessarily be foreseen. In addition, the impact of infectious illnesses in emerging market countries may be greater due to generally less established healthcare systems. Public health crises caused by the COVID-19 outbreak may exacerbate other pre-existing political, social and economic risks in certain countries or globally. The duration of the COVID-19 outbreak and its effects cannot be determined with certainty.

NOTE 8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date the financial statements were issued. Based upon this evaluation, the Fund has determined no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of The MP63 Fund, Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of The MP63 Fund, Inc. (the "Fund") as of February 28, 2021, the related statements of operations and changes in net assets, the related notes, and the financial highlights for the year in the period then ended (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of February 28, 2021, the results of its operations, changes in net assets and the financial highlights for the then ended, in conformity with accounting principles generally accepted in the United States of America.

The Fund's financial statements and financial highlights for the years ended February 29, 2020, and prior, were audited by other auditors whose report dated April 22, 2020, expressed an unqualified opinion on those financial statements and financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of February 28, 2021, by correspondence with the custodian and brokers. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Fund's auditor since 2020.

Cohen & COMPANY, LTD.

Milwaukee, Wisconsin

April 28, 2021

EXPENSE ILLUSTRATION FEBRUARY 28, 2021 (UNAUDITED)

Expense Example

As a shareholder of the MP63 Fund, you incur two types of costs: (1) transaction costs, including brokerage and other costs associated with portfolio purchases and sales, reinvested dividends, or other distributions; and redemption fees; and (2) ongoing costs, including management fees; service provider fees and expenses and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period, September 1, 2020 through February 28, 2021.

Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratios and an assumed rate of return of 5% per year before expenses, which are not the Fund's actual returns. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in this Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

	Beginning Account Value	Ending Account Value	Expenses Paid During the Period* September 1, 2020 to
	September 1, 2020	February 28, 2021	February 28, 2021
Actual Hypothetical	\$1,000.00	\$1,109.58	\$3.56
(5% Annual Return before expenses)	\$1,000,00	\$1,021,42	\$3.41

^{*} Expenses are equal to the Fund's annualized expense ratio of 0.68%, multiplied by the average account value over the period, multiplied by 181/365 (to reflect the one-half year period).

TRUSTEES & OFFICERS FEBRUARY 28, 2021 (UNAUDITED)

The Board of Directors supervises the business activities of the Fund. The names of the Directors and principal officers of the Fund are shown below. ⁽¹⁾Lee Reiner Nelson is Vita Nelson's son.

⁽²⁾Vita Nelson is President of the Fund and a Director of the Fund's Advisor, The Moneypaper Advisor, Inc. and therefore, is an "Interested Director" of the Fund.

ADDITIONAL INFORMATION FEBRUARY 28, 2021 (UNAUDITED)

INFORMATION REGARDING PROXY VOTING

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities and information regarding how the Fund voted proxies during the most recent 12-month period ended June 30, are available without charge upon request by (1) calling the Fund at 1-877-676-3386 and (2) from Fund's documents filed with the Securities and Exchange Commission ("SEC") on the SEC's website at www.sec.gov.

INFORMATION REGARDING PORTFOLIO HOLDINGS

The Fund files a complete schedule of investments with the SEC for the first and third quarter of each fiscal year on Form N-PORT. The Fund's first and third fiscal quarters end on May 31 and November 30. The Fund's Form N-PORT's are available on the SEC's website at http://sec.gov, or they may be reviewed and copied at the SEC's Public Reference Room in Washington, DC (call 1-800-732-0330 for information on the operation of the Public Reference Room). You may also obtain copies by calling the Fund at 1-877-676-3386.

LIQUIDITY RISK MANAGEMENT PROGRAM

The Fund has adopted and implemented a written liquidity risk management program as required by Rule 22e-4 (the "Liquidity Rule") under the Investment Company Act. The program is reasonably designed to assess and manage the Fund's liquidity risk, taking into consideration, among other factors, the Fund's investment strategy and the liquidity of its portfolio investments during normal and reasonably foreseeable stressed conditions; its short and long-term cash flow projections; and its cash holdings and access to other funding sources.

During the fiscal year ended February 28, 2021, the Trust's Liquidity Risk Management Program Committee (the "Committee") reviewed the Fund's investments and determined that the Fund held adequate levels of cash and highly liquid investments to meet shareholder redemption activities in accordance with applicable requirements. Accordingly, the Committee concluded that (i) the Fund's liquidity risk management program is reasonably designed to prevent violations of the Liquidity Rule and (ii) the Fund's liquidity risk management program has been effectively implemented.
