Beginning on January 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Funds' annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Funds' website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from a Fund electronically anytime by contacting your financial intermediary (such as a broker-dealer or bank) or, if you are a direct investor, by calling 800-422-2766.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with a Fund, you can call 800-422-2766 to let the Fund know you wish to continue receiving paper copies of your shareholder reports. Your election to receive reports in paper will apply to all Funds held in your account. If you invest through your financial intermediary or all Funds held with the fund complex if you invest directly with a Fund.

About your Annual Report

This annual report includes detailed information about your Fund including financial statements, performance, and a complete list of its holdings.

The RBC Funds compare their performance against various indices. Each of these indices is a widely recognized measure of return for the underlying category of securities. However, the indices are unmanaged, do not include fees, and cannot be invested in directly.

We hope the financial information presented will help you evaluate your investment in the RBC Funds. We also encourage you to read your Fund's prospectus for further detail as to your Fund's investment policies and risk profile. RBC Funds prospectuses and performance information subsequent to the date of this report are available on our website at www.rbcgam.us.

A description of the policies and procedures that your Fund uses to determine how to vote proxies relating to portfolio securities is available (i) without charge, upon request, by calling 1-800-422-2766; (ii) on the Fund's website at www.rbcgam.us; and (iii) on the Securities and Exchange Commission's (the "Commission") website at <http://www.sec.gov>.

Information regarding how your Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available (i) on the Fund's website at www.rbcgam.us; and (ii) on the Commission's website at <http://www.sec.gov>.

A schedule of each Fund's portfolio holdings is filed with the Commission for the first and third quarters of each fiscal year on Form N-PORT. This information is available on the Commission's website at <http://www.sec.gov>.

LETTER FROM THE PORTFOLIO MANAGERS

Despite experiencing among the most volatile periods in stock market history in the fiscal year ended September 30, 2020, stock markets clawed and scraped their way to substantial gains for the time period as the broad based S&P 500 and Russell 3000 indexes returned +15.15% and +15.00% respectively. While volatility has been the norm in markets in recent years, nothing could have prepared investors for the unprecedented market action of the prior twelve months. Most notably was without question the sudden, and completely unforeseen collapse of the nearly decade long post – great recession bull market as the now ubiquitous coronavirus pandemic crippled global economies and wreaked havoc on equity markets across the world. The sudden move downward as health fears gripped the globe pushed markets into the twenty-first bear market (defined as a move down of -20% or more) of the last 150 years. While the size of the decline is not unprecedented – the 2008 economic crisis saw bigger overall market declines – the pace of the pullback is striking in that it took place over just a few short weeks as the coronavirus quickly evolved from an issue isolated to Asia into a worldwide pandemic. However, on the back of historic levels of fiscal and monetary stimulus from the US Government and a gradual re-opening of the American economy after wide-ranging “stay-at-home orders” ground the economy to a halt – equity markets snapped back in the latter stages of the fiscal year driving the mid-teens returns reported as of September 30, 2020 and setting the stage for a waiting-game of sorts into where markets go from here.

While the sell-off and subsequent rally did not discriminate as equities of all market capitalizations and styles fell and rose significantly throughout the time period, pockets of investor preference did emerge over the course of the year. Notably, and not surprisingly, there was a strong preference for larger cap stocks over the prior 12 months. In particular large caps as the Russell 1000 Index (+16.01%) far outperformed the Russell Midcap Index (+4.55%) and the smaller cap Russell 2000 Index (0.39%) and Russell Microcap Index (+4.44%). The same could be said for growth stocks which continued a trend of recent years in which investors preferred growth indexes to their value counterparts. Though it is notable that the preference became even more pronounced over the prior 12 months as the Russell 1000 Growth Index (+37.53%), Russell Midcap Growth Index (+23.23%), Russell 2000 Growth Index (+15.71%), and the Russell Microcap Growth Index (+27.20%) all offered exceptionally strong returns. These returns were even more notable when it is revealed that their value index counterparts – Russell 1000 Value Index (-5.03%), Russell Midcap Value Index (-7.30%), Russell 2000 Value Index (-14.88%), Russell Microcap Value Index (-11.51%) – all were deeply in the red for the same twelve month period. The latter dynamic bears close watching going forward as small caps and value stocks – now at extreme discounts to large caps – have historically tended to outperform from the midpoint of a recession to the midpoint of a recovery offering the potential for a significant shift in market drivers over the next twelve to twenty-four months.

Against this market backdrop, the RBC Equity Funds produced challenging results over the prior twelve months as broader market pullbacks as well as more acute stylistic headwinds weighed on relative returns:

| Fund and Return (Class I, %) | | Benchmark and Return (%) | |
|------------------------------|--------|------------------------------|--------|
| RBC SMID Cap Growth Fund | 5.27% | Russell 2500 Growth Index | 23.37% |
| RBC Enterprise Fund | -10.64 | Russell Microcap Index | 4.44 |
| RBC Small Cap Core Fund | -4.49 | Russell 2000 Index | 0.39 |
| RBC Small Cap Value Fund | -18.62 | Russell 2000 Value Index | -14.88 |
| RBC Microcap Value Fund | -14.29 | Russell Microcap Value Index | -11.51 |

LETTER FROM THE PORTFOLIO MANAGERS

Though ultimate results for the individual funds are a function of the underlying stocks held in each portfolio, there were some consistencies in broader performance drivers for the fiscal year. Notably, stock selection was the most significant headwind, detracting from performance to varying degrees for all of the strategies across the fund suite. Sector allocation results on the other hand were more mixed with sector weighting decisions contributing modestly to the SMID Cap Growth and Microcap Value funds, detracting modestly from the Enterprise and Small Cap Core funds, and acting as a significant headwind for the Enterprise Fund.

While the pandemic rages on in the United States a number of economic indicators and traditional financial metrics that investors focus on have started to show signs of a reversal. Labor markets, perhaps the biggest economic victim of the pandemic, have shown remarkable resilience adding an average of more than 2.5 million jobs per-month in June, July and August (September numbers were not available as of this publication) as the economy gradually re-opens. While there is still a ways to go to recover the jobs lost earlier in the year due to the pandemic (more than 20 million in April 2020 alone) this is clearly a positive sign as is the 8.4% unemployment rate for August, a far cry from the 14.7% figure in April and nowhere near the 20%+ predictions of earlier in the year. From a growth perspective, the Institute of Supply Management (ISM) Manufacturing and Non-Manufacturing Indexes – key indicators of future growth – have returned to expansionary territory coming in at 56.00 and 56.90 respectively in August after having fallen to contraction levels in the spring (any reading above 50 indicates expansion with those readings below 50 indicating contraction). While second quarter GDP ultimately ended up contracting a worst ever -32.9% on an annualized basis - far worse than the great depression and great recession contractions – it managed to beat expectations which called for a more than 34% drop and coupled with improving economic data perhaps the worst is behind us.

Despite the surprisingly strong equity market returns of the second and third quarters, a myriad of challenges will continue to weigh heavy on markets – most important of which continues to be the trajectory of the COVID-19 pandemic in the United States. While the economy moves forward with more aggressive phases of re-opening, infections and the death toll continue to rise. This, along with the combination of cooler fall weather and children returning to school, could spark a surge in the virus and drives concern for potentially crippling open-and-shut cycles of the economy. Adding to the challenges is a hotly, and in some cases contentiously, contested upcoming presidential election which also has the potential to put significant pressure on markets. That said, there is also significant potential for upside surprise if a vaccine or other effective treatment and preventative options are rolled out sooner than expected and life can return to a more normalized state. That prospect coupled with the unprecedented monetary, fiscal, social, and health stimulus and support programs rolled out nationwide has undoubtedly influenced the current market rally and offers the potential for even further sharp gains in equity markets going forward. As we have noted numerous times, this type of market volatility is challenging for even the most seasoned investors to stomach, let alone profit. That said, we continue to think that for those with a patient and well-considered investment plan, significant gains may be attained in the future.

Performance data quoted represents past performance. Past performance is no guarantee of future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than performance quoted. Performance shown reflects contractual fee waivers, without such fee waivers total returns would be reduced. Performance information does not reflect the 2% fee on shares redeemed or exchanged within 30 days of purchase. If such redemption fee was included, performance would be reduced. For performance data current to the most recent month-end go to www.rbcgam.us. Please see footnotes below.

- (a) The Funds' expenses reflect the most recent fiscal year ended September 30, 2020.
- (b) The advisor has contractually agreed to waive fees and/or make payments in order to keep total operating expenses at annual ratios of 1.07% for Class A, 0.82% for Class I and 0.77% for Class R6 of SMID Cap Growth Fund; 1.33% for Class A and 1.08% for Class I of Enterprise Fund; 1.15% for Class A, 0.90% for Class I and 0.87% for Class R6 of Small Cap Core Fund; 1.32% for Class A and 1.07% for Class I of Microcap Value Fund; and 0.85% for Class I and 0.80% for Class R6 of Small Cap Value Fund until January 31, 2022.
- (c) The performance in the table for the period from June 1, 1994 to April 19, 2004 reflects the performance of RBC Mid Cap Equity Fund, the predecessor to RBC SMID Cap Growth Fund. The performance of the Fund also includes the performance of a common trust fund ("CTF") account advised by RBC GAM-US (including its predecessor) and managed the same as the Fund in all material respects for the period from December 31, 1990 to June 1, 1994, as adjusted to reflect the full contractual rate of expenses associated with the Fund at its inception. The CTF account was not registered with the SEC under the 1940 Act and therefore was not subject to the investment restrictions imposed by law on registered mutual funds. If the CTF account had been registered, the CTF account's performance may have been adversely affected. Fund performance reflects applicable fee waivers/expense reimbursements (which, if excluded, would cause performance to be lower).
- (d) The since inception date (commencement of operations) of the Fund is December 31, 1990 for Class I and Class A shares and November 21, 2016 for Class R6 shares. The performance in the table for the Class R6 shares prior to November 21, 2016 reflects the performance of the Class I shares since the Fund's inception.
- (e) The performance in the table for the period from December 2, 1983 to April 19, 2004 reflects the performance of Babson Enterprise Fund, the predecessor to RBC Enterprise Fund. Fund performance reflects applicable fee waivers/expense reimbursements (which, if excluded, would cause performance to be lower).
- (f) The since inception date (commencement of operations) of the Fund is December 2, 1983. The performance of the index since inception of the Fund is calculated from November 30, 1983.

PERFORMANCE SUMMARY (UNAUDITED)

- (g) Performance shown for periods prior to the inception date of Class A (April 19, 2004) and Class I (September 30, 2004) is based on the performance of a class of shares that is no longer offered, adjusted to reflect the fees and expenses and any applicable sales charges of the applicable class. The inception date of the Fund and the prior class of shares is December 2, 1983.
- (h) Each of the comparative indices is a widely recognized market value weighted measure of the return of securities, but do not include sales fees or operating expenses. You cannot invest directly in indices.
- (i) The performance in the table for the period from August 5, 1991 to April 19, 2004 reflects the performance of Babson Enterprise Fund II, the predecessor to RBC Small Cap Core Fund. Fund performance reflects applicable fee waivers/expense reimbursements (which, if excluded, would cause performance to be lower).
- (j) The since inception date (commencement of operations) of the Fund is August 5, 1991 for Class I and Class A shares and November 21, 2016 for Class R6 shares. The performance in the table for the Class R6 shares prior to November 21, 2016 reflects the performance of the Class I shares since the Fund's inception. The performance of the index since inception of the Fund is calculated from July 31, 1991.
- (k) The performance in the table for the period from September 10, 1987 to April 19, 2004 reflects the performance of Shadow Stock Fund, the predecessor to RBC Microcap Value Fund. Fund performance reflects applicable fee waivers/expense reimbursements (which, if excluded, would cause performance to be lower).
- (l) The since inception date (commencement of operations) of the Fund is September 10, 1987. The performance of the index since inception of the Fund is calculated from August 31, 1987.
- (m) Class I shares were previously designated Class S shares prior to November 27, 2012. The inception date of the Fund (Class S) is September 10, 1987. Performance shown for periods prior to the inception date of Class A (April 19, 2004) is based on the performance of Class S shares, adjusted to reflect the fees and expenses and any applicable sales charges of the applicable class.
- (n) The since inception date (commencement of operations) of the Fund is December 3, 2014 for Class I shares and November 21, 2016 for Class R6 shares. The performance in the table for the Class R6 shares prior to November 21, 2016 reflects the performance of the Class I shares since the Fund's inception. The performance of the index since inception of the Fund is calculated from December 3, 2014.

NOTES TO FINANCIAL STATEMENTS

September 30, 2020

1. Organization:

RBC Funds Trust (the "Trust") is registered under the Investment Company Act of 1940 (as amended) as an open-end management investment company. The Trust was organized as a Delaware statutory trust on December 16, 2003 and currently consists of 18 portfolios. Overall responsibility for the management of the Trust is vested in its Board of Trustees (the "Board"). Predecessor funds to the Trust were reorganized as portfolios of the Trust effective April 16, 2004. This report includes the following five investment portfolios (each a "Fund" and collectively, the "Funds"):

- RBC SMID Cap Growth Fund ("SMID Cap Growth Fund")
- RBC Enterprise Fund ("Enterprise Fund")
- RBC Small Cap Core Fund ("Small Cap Core Fund")
- RBC Microcap Value Fund ("Microcap Value Fund")
- RBC Small Cap Value Fund ("Small Cap Value Fund")

The SMID Cap Growth and Small Cap Core Funds offer three share classes: Class A, Class R6 and Class I shares. The Enterprise and Microcap Value Funds offer two share classes: Class A and Class I shares. The Small Cap Value Fund offers Class I and Class R6 shares. Class A shares are offered with a 5.75% maximum front-end sales charge and a 1.00% contingent deferred sales charge ("CDSC") for redemption within 12 months of a \$1 million or greater purchase on which no front-end sales charge was paid. Class I and Class R6 shares (intended for investors meeting certain investment minimum thresholds) are not subject to either a front-end sales charge or a CDSC.

RBC Global Asset Management (U.S.) Inc. ("RBC GAM-US" or "Advisor" or "Co-Administrator") acts as the investment advisor for the Funds. The officers of the Trust ("Fund Management") are also employees of RBC GAM-US.

2. Significant Accounting Policies

Each Fund is an investment company that follows accounting and reporting guidance under the Financial Accounting Standards Board. Summarized below are the significant accounting policies of the Funds. These policies conform to accounting principles generally accepted in the United States of America ("U.S. GAAP"). Fund Management follows these policies when preparing financial statements. Fund Management may also be required to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses for the period. Actual results could differ from those estimates. The financial statements are as of the close of regular trading on the New York Stock Exchange ("NYSE").

Recent Accounting Standards:

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13 "Changes to the Disclosure Requirements for Fair Value Measurement" which modifies disclosure requirements for fair value measurements. The guidance is effective for fiscal years beginning after December 15, 2019 and for interim periods within those fiscal years. Management is currently evaluating the impact of this guidance to the Funds.

Security Valuation:

The Board has adopted pricing and valuation procedures for determining the fair value of each Fund's investments. Fair value of a security is considered to be the price that a fund might reasonably expect to receive upon its current sale in an orderly transaction between market participants.

Equity securities are generally valued on the basis of prices furnished by third-party pricing services approved by the Board. Equity securities listed on one or more exchanges shall be valued at the last available quoted sale price on the primary trading exchange as of the regularly scheduled closing time of the exchange and are categorized as Level 1 in the fair value hierarchy. (See "Fair Value Measurements" below for additional information). An equity security not listed on an exchange but listed on NASDAQ shall be valued at the NASDAQ official closing price and is also categorized as

NOTES TO FINANCIAL STATEMENTS

Level 1. If there was no sale on the primary exchange on the day the net asset value is calculated or a NASDAQ official closing price is not available, the most recent bid quotation generally will be used and such securities will generally be categorized as Level 2. Investments in open-end investment companies (mutual funds) are valued at net asset value and are categorized as Level 1 in the fair value hierarchy.

Fixed income securities, including to-be-announced ("TBA") commitments and municipal bonds, are generally valued based on evaluated prices received from third-party pricing services or from broker-dealers who make markets in the securities and are generally categorized as Level 2 in the fair value hierarchy (see "Fair Value Measurements" below for additional information). The pricing services utilize both dealer-supplied valuations and electronic data processing techniques that take into account multiple appropriate factors such as institutional-size trading in similar groups of securities, market spreads, interest rates, and fundamental security analytical data including yield, quality, coupon rate, maturity and type of issue.

Foreign securities valued in non-U.S. dollars are valued in the foreign currency and then converted into the U.S. dollar equivalent using the foreign exchange rate in effect at the close of NYSE on the day the security's value is determined. The value of securities traded in markets outside the United States may be affected on a day that the NYSE is closed and an investor is not able to purchase, exchange or redeem shares of the Funds.

The Board has delegated to the Funds' Pricing Committee ("Pricing Committee") the responsibility for implementing the pricing and valuation procedures, including responsibility for determining the fair value of the Funds' securities or other assets and liabilities. The Pricing Committee includes representatives of the Funds' Advisor, and Co-Administrator, including personnel from accounting and operations, investment management, trading, risk management and compliance. The Pricing Committee meets at least quarterly to review and approve Fund valuation matters, including a review of the Funds' pricing activity and operations, fair value measurements, pricing vendors, policies and procedures, and related controls. At least a quorum of the Pricing Committee shall meet more frequently, as needed, to consider and approve time-sensitive fair valuation matters. The Pricing Committee reports to the Valuation, Portfolio Management and Performance Committee ("Valuation Committee") of the Board. Members of the Pricing Committee meet with the Valuation Committee and the Board at each of their regularly scheduled meetings to discuss valuation matters and actions taken during the period.

The Board has adopted procedures to determine the fair value of a security when a price is not available from a pricing service or broker-dealer or Fund Management determines that a price provided by a pricing service or broker-dealer does not approximate fair value. Fair valuation may also be used when a significant valuation event affecting the value of a security or market sector is determined to have occurred between the time when a security's market closes and the time the Fund's net asset value is calculated. The fair value of the security will be determined in good faith by the Pricing Committee in accordance with procedures and methodologies adopted by the Board. General factors used in determining the fair value of securities include, but are not limited to, fundamental analytical data relating to the security, the issuer and the market, such as duration, prepayment and default rates; general level of interest rates and changes in interest rates; information from broker-dealers; trading in similar securities; any restrictions on disposition of the security; and an evaluation of the forces that influence the market in which the investments are traded. These securities are either categorized as Level 2 or 3 in the fair value hierarchy, depending on the relevant inputs used.

When the Funds utilize fair valuation methods that use significant unobservable inputs to determine a security's value, such securities will be categorized as Level 3 of the fair value hierarchy. These methods may require subjective determinations about the value of a security. While the Funds' policy is intended to result in a calculation of a Fund's net asset value that fairly reflects security values as of the time of pricing, the Funds cannot guarantee that values determined by the Board or persons acting at their direction would accurately reflect the price that the Funds could obtain for a security if they were to dispose of it as of the time of pricing (for instance, in a forced or distressed sale). The prices used by the Funds may differ from the value that would be realized if the securities were sold.

NOTES TO FINANCIAL STATEMENTS

The Funds' Pricing Committee employs various methods for calibrating the valuation approach related to securities categorized within Level 2 and Level 3 of the fair value hierarchy. These methods may include regular due diligence of the Funds' pricing vendors, a regular review of key inputs and assumptions, transaction back-testing or disposition analysis to compare unrealized gains and losses to realized gains and losses, reviews of missing and stale prices and large movements in market value, and reviews of any market related activities. Additionally, the pricing of all fair value holdings is subsequently reported to the Valuation Committee and Board.

Fair Value Measurements:

The Funds disclose the fair value of their investments in a hierarchy that categorizes investments based on the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1 - Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Funds have the ability to access at the measurement date.
- Level 2 - Significant inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active. Observable inputs may include quoted prices for similar securities, interest rates, spreads, prepayment spreads, etc.
- Level 3 - Significant unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available (including the Fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those securities.

Inputs used in determining fair value of an investment may include, but are not limited to, price information, volatility statistics, credit and market data, and other factors, all of which may be either observable or unobservable. Inputs can vary among investments and will be impacted by the investment type and volume of activity for the particular security or similar securities in the market. Investments in the Level 3 category are generally supported by transactions and quoted prices from dealers participating in the market for those investments. Investments may be included in the Level 3 category due to a lack of market activity or transparency. Internal valuation models may also be used as a pricing source for Level 3 investments. Internal valuation models may rely on one or more unobservable inputs, such as estimated cash flows, financial statement analysis and discount rates.

The summary of inputs used to determine the fair value of the Funds' investments as of September 30, 2020 is as follows:

| Funds | Level 1 Quoted Prices | Level 2 Significant Observable Inputs | Level 3 Significant Unobservable Inputs | Total |
|----------------------------------|--------------------------|--|--|--------------|
| Assets: | | | | |
| Investments in Securities | | | | |
| SMID Cap Growth Fund | \$94,881,786(a) | \$ — | \$— | \$94,881,786 |
| Enterprise Fund | 53,836,141(a) | — | — | 53,836,141 |
| Small Cap Core Fund | 75,182,153(a) | — | — | 75,182,153 |
| Microcap Value Fund | 94,447,741(a) | 814,242(b) | — | 95,261,983 |
| Small Cap Value Fund | 56,763,114(a) | — | — | 56,763,114 |

(a) The breakdown of the Fund's investments into major categories is disclosed in the Schedule of Portfolio Investments.

(b) Represents securities in the Consumer Discretionary (\$150,042), Consumer Staples (\$135,000), and Financial (\$529,200) sections of the Schedule of Portfolio Investments.

During the year ended September 30, 2020, the Funds, except Microcap Value Fund, recognized no transfers to/from Level 1 or Level 2. For Microcap Value Fund, securities were transferred from Level 2 to Level 1 in the amount of \$1,177,100 since the trading market became active for the securities, and securities in the amount of \$43 were transferred from Level 1 to Level 2 due to the absence of an active trading market. The Funds' policy is to recognize transfers between Level 1, Level 2 and Level 3 at the end of the year utilizing fair value at the beginning of the year.

NOTES TO FINANCIAL STATEMENTS

The following is a reconciliation of Level 3 investments for which significant unobservable inputs were used to determine fair value:

| | Microcap Value Fund |
|--|--------------------------------|
| | Common Stocks— (Financials) |
| Balance as of 9/30/19(value) | \$ 16,968 |
| Change in unrealized appreciation (depreciation) | (16,968) |
| Balance as of 9/30/20(value) | <u>\$ —</u> |

The Fund's assets assigned to the Level 3 category were valued using the valuation methodology and technique deemed most appropriate in the circumstances. The significant unobservable inputs used may include assumptions regarding the particular security's cash flow profile and potential defaults which may not be generally observable for either the security or for assets of a similar type. Significant changes in any of these assumptions may result in a lower or higher fair value.

Repurchase Agreements:

The Funds, except SMID Cap Growth Fund, may enter into repurchase agreements with counterparties whom the Advisor has deemed creditworthy, including primary dealers that report to the Federal Reserve Bank of New York or other large U.S. commercial banks or broker-dealers. These repurchase agreements are subject to the seller's agreement to repurchase such securities at a mutually agreed upon date and price. The repurchase price generally equals the price paid by the Funds plus interest negotiated on the basis of current short-term rates.

Securities pledged by the dealers as collateral for repurchase agreements are held by a custodian bank until maturity of the repurchase agreement. The Funds have procedures to monitor additional collateral, if needed, to ensure that the daily market value of the collateral remains in excess of the market value of the repurchase agreement in the event of a default.

There were no repurchase agreements held during the year ended September 30, 2020.

Affiliated Investments:

The Funds invest in another Fund of the Trust (an "Affiliated Fund"), U.S. Government Money Market Fund-RBC Institutional Class 1, as a cash sweep vehicle. The income earned by the Funds from the Affiliated Fund for the period is disclosed in the Statement of Operations. The table below details the transactions of the Funds in the Affiliated Fund.

NOTES TO FINANCIAL STATEMENTS

| | Value September 30, 2019 | Purchases | Sales | Value September 30, 2020 | Dividends |

| Growth Fund | \$ 1,040,102 | \$32,277,153 | \$32,349,839 | \$ 967,416 | \$ 14,479 |
| Enterprise Fund | 1,072,120 | 11,512,404 | 12,322,312 | 262,212 | 8,457 |
| Small Cap Core Fund | 540,071 | 34,415,131 | 34,352,485 | 602,717 | 15,776 |
| Microcap Value Fund | 3,404,692 | 24,613,831 | 27,204,574 | 813,949 | 29,592 |
| Small Cap Value Fund | 1,057,719 | 34,671,498 | 34,675,307 | 1,053,910 | 10,809 |

Investment Transactions and Income:

Investment transactions are recorded on trade date. Dividend income is recorded on the ex-dividend date. Realized gains and losses from investment transactions are calculated based on the cost of the specific security (also known as identified cost basis). Interest income is recognized on the accrual basis and includes, where applicable, the amortization or accretion of premium or discount using the effective yield method.

Expense, Investment Income and Gain/Loss Allocation:

Each Fund pays the expenses that are directly related to its operations, such as custodian fees or advisory fees. Expenses incurred by the Trust, such as trustee or legal fees, are allocated among each of the Funds in the Trust either proportionately based upon each Fund's relative net assets or using another reasonable basis such as equally across all Funds in the Trust, depending on the nature of the expense. Individual share classes within a Fund are charged expenses specific to that class, such as distribution fees and transfer agent fees. Within a Fund, expenses other than class specific expenses are allocated daily to each class based upon the proportion of relative net assets. Investment income and realized and unrealized gains or losses are allocated to each class of shares based on relative net assets.

Real Estate Investment Trusts:

The Funds may own shares of real estate investment trusts ("REITs") which report information on the source of their distributions annually. Dividends paid by a REIT, other than capital gain distributions, will be taxable as ordinary income up to the amount of the REIT's current and accumulated earnings and profits. Capital gain dividends paid by a REIT to a Fund will be treated as long term capital gains by the Fund and, in turn, may be distributed by the Fund to its shareholders as a capital gain distribution. Distributions received from a REIT in excess of its income are recorded as a return of capital and a reduction to the cost basis of the REIT.

Distributions to Shareholders:

Each Fund pays out any income that it receives, less expenses, in the form of dividends and capital gain distributions to its shareholders. Income dividends and capital gain distributions for each Fund are declared and paid at least annually. Distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions are calculated based on federal income tax regulations, which may differ from US GAAP. These "book/tax" differences may be either temporary or permanent in nature. To the extent these differences are determined, as of the end of the tax year, to be permanent (e.g., net operating loss, redesignation of distributions, basis adjustments on investments in passive foreign investment companies (PFICs) and partnerships.), they are reclassified within a Fund's capital accounts based on their federal tax basis treatment.

NOTES TO FINANCIAL STATEMENTS

|----------------------|--|---|
| SMID Cap Growth Fund | \$ (277,047) | \$ 277,047 |
| Small Cap Core Fund | 4,537,380 | (4,537,380) |

3. Agreements and Other Transactions with Affiliates:

The Trust has entered into an investment advisory agreement with RBC GAM-US under which RBC GAM-US manages each Funds' assets and furnishes related office facilities, equipment, research and personnel. The agreement requires each Fund to pay RBC GAM-US a monthly fee based upon average daily net assets. Under the terms of the agreement, RBC GAM-US is entitled to receive fees based on a percentage of the average daily net assets of each of the Funds as follows:

| | <u>Average Daily Net Assets of Fund</u> | <u>Annual Rate</u> |
|----------------------|---|--------------------|
| SMID Cap Growth Fund | All Net Assets | 0.70% |
| Enterprise Fund | Up to \$30 Million | 1.00% |
| | Over \$30 Million | 0.90% |
| Small Cap Core Fund | All Net Assets | 0.85% |
| Microcap Value Fund | All Net Assets | 0.90% |
| Small Cap Value Fund | All Net Assets | 0.70% |

RBC GAM-US has contractually agreed to waive fees and/or make payments in order to keep total operating expenses (excluding certain fees such as interest, taxes and acquired fund fees and expenses) of the Funds to the following levels pursuant to an expense limitation agreement.

| | <u>Class A Annual Rate</u> | <u>Class I Annual Rate</u> | <u>Class R6 Annual Rate</u> |
|----------------------|--------------------------------|--------------------------------|---------------------------------|
| SMID Cap Growth Fund | 1.07% | 0.82% | 0.77% |
| Enterprise Fund | 1.33% | 1.08% | N/A |
| Small Cap Core Fund | 1.15% | 0.90% | 0.87% |
| Microcap Value Fund | 1.32% | 1.07% | N/A |
| Small Cap Value Fund | N/A | 0.85% | 0.80% |

This expense limitation agreement is in place until January 31, 2022, and may not be terminated by RBC GAM-US prior to that date. The agreement shall continue for additional one-year terms unless terminated or revised by the Board at any time or by RBC GAM-US at the expiration of any one-year period. The Advisor is entitled to recoup from the Fund or class the fees and/or operating expenses waived or reimbursed during any of the previous 12 months (3 years for the Small Cap Value Fund), provided the Fund is able to do so and remain in compliance with the expense limitation in place at the time the fees were waived or expenses paid.

At September 30, 2020, the amounts subject to possible recoupment under the expense limitation agreement were:

| | <u>FYE 9/30/18</u> | <u>FYE 9/30/19</u> | <u>FYE 9/30/20</u> | <u>Total</u> |
|----------------------|--------------------|--------------------|--------------------|--------------|
| SMID Cap Growth Fund | \$ — | \$ — | \$205,354 | \$205,354 |
| Enterprise Fund | — | — | 182,513 | 182,513 |
| Small Cap Core Fund | — | — | 293,408 | 293,408 |
| Microcap Value Fund | — | — | 209,104 | 209,104 |
| Small Cap Value Fund | 77,233 | 147,091 | 174,505 | 398,829 |

NOTES TO FINANCIAL STATEMENTS

There was no recoupment of expense reimbursements/waivers during the year. Amounts from years prior to those shown are no longer subject to recoupment.

RBC GAM-US voluntarily agreed to waive its investment advisory fees by the amount of investment advisory fees the Funds pay to RBC GAM-US indirectly through its investment in an affiliated money market fund. For the year ended September 30, 2020, the amount waived was \$3,405, \$1,610, \$1,903, \$4,576 and \$2,460 for the SMID Cap Growth Fund, Enterprise Fund, Small Cap Core Fund, Microcap Value Fund and Small Cap Value Fund, respectively, and is included in expenses waived/reimbursed by Advisor in the Statements of Operations.

RBC GAM-US may also voluntarily waive and/or reimburse operating expenses of any Fund from time to time. Any such voluntary program may be changed or eliminated at any time without notice, and expenses waived under such program are not subject to recoupment.

RBC GAM-US serves as co-administrator to the Funds. BNY Mellon serves as co-administrator and fund accounting agent. Services provided under the administrative services contract include providing day-to-day administration of matters related to the Funds, maintenance of their records and the preparation of reports. Under the terms of the administrative services agreement, RBC GAM-US does not receive an administrative services fee. BNY Mellon receives a fee for its services payable by each Fund based in part on each Funds' average net assets. BNY Mellon's fee is included with "Accounting fees" in the Statements of Operations.

Certain officers and trustees of the Trust are affiliated with the Advisor or the Co-Administrator. Such Officers and Trustees receive no compensation from the Funds for serving in their respective roles.

The Trust currently pays each of the independent trustees (trustees of the Trust who are not directors, officers or employees of the Advisor, either Co-Administrator or Distributor) an annual retainer of \$63,000 (\$68,000 effective October 1, 2020). The Board Chairperson and Audit Committee Chairperson each receive an additional retainer of \$2,500 annually, and all other trustees serving as Chair of a Board committee each receive an additional retainer of \$1,000 annually. In addition, independent trustees receive a quarterly meeting fee of \$6,500 for each in-person Board meeting attended, a meeting fee of \$1,500 for each telephonic or special board meeting attended, a \$1,500 fee for each Board committee meeting attended, and are reimbursed for all out-of-pocket expenses relating to attendance at such meetings. These amounts are included in the Statement of Operations in "Trustees' fees".

In conjunction with the launch of the Class R6 Shares, the Advisor invested seed capital to provide the share class its initial investment assets. The table below shows, as of September 30, 2020, the Fund's net assets, the shares of the Fund held by the Advisor, and the percent of total net assets represented by the Advisor's investment.

| | <u>Net Assets</u> | <u>Shares held by Advisor</u> | <u>% of Fund Net Assets</u> |
|----------------------|-------------------|-----------------------------------|---------------------------------|
| SMID Cap Growth Fund | \$94,778,108 | 1,008 | 0.0% |
| Small Cap Core Fund | \$75,096,620 | 334 | 0.0% |

4. Fund Distribution:

Each of the Funds that offers Class A shares has adopted a Master Distribution 12b-1 Plan (the "Plan") in which Quasar Distributors LLC (the "Distributor") acts as the Funds' distributor. The Plan permits each Fund to make payments for, or to reimburse the Distributor for, distribution-related costs and expenses of marketing shares of Class A covered under the Plan, and/or for providing shareholder services. The Plan does not apply to Class I and Class R6. The following chart shows the current Plan fee rate for Class A.

| | <u>Class A</u> |
|----------------|----------------|
| 12b-1 Plan Fee | 0.25%* |

* Under the 12b-1 plan, the maximum fee rate for Class A shares is 0.50%. Currently the Board has approved an annual limit of 0.25%.

NOTES TO FINANCIAL STATEMENTS

Plan fees are based on average daily net assets of Class A. Up to 0.25% of each Plan fee may be designated as a service fee, as defined by the applicable rules of the Financial Industry Regulatory Authority. The Distributor, subject to applicable legal requirements, may waive the Plan fee voluntarily, in whole or in part. For the year ended September 30, 2020, there were no fees waived by the Distributor.

For the year ended September 30, 2020, the Distributor received commissions of \$902 front-end sales charges of Class A shares, of the Funds, of which \$145 was paid to affiliated broker-dealers, and the remainder was either paid to unaffiliated broker-dealers or retained by the Distributor.

The Distributor did not receive any CDSC fees from Class A shares of the Funds during the year ended September 30, 2020.

5. Securities Transactions:

The cost of securities purchased and proceeds from securities sold (excluding securities maturing less than one year from acquisition) for the year ended September 30, 2020 were as follows:

| | <u>Purchases</u> | <u>Sales</u> |
|----------------------|------------------|---------------|
| SMID Cap Growth Fund | \$14,205,538 | \$ 16,815,837 |
| Enterprise Fund | 14,995,825 | 21,898,919 |
| Small Cap Core Fund | 39,861,452 | 105,718,547 |
| Microcap Value Fund | 19,805,273 | 20,052,958 |
| Small Cap Value Fund | 54,679,671 | 45,134,486 |

Within the guidelines established by the Funds to always seek best execution when entering into portfolio transactions, the Funds participate in a "commission recapture" program under which brokerage transactions are directed to Cowen and Company, LLC and its correspondent brokers. A portion of the commissions paid under this program are reimbursed to the Funds and are recorded as net realized gains from investment transactions in the financial statements.

7. Federal Income Taxes:

It is the policy of each Fund to continue to qualify as a regulated investment company by complying with the provisions available to certain investment companies, as defined under Subchapter M of the Internal Revenue Code, and to distribute substantially all of its net investment income and net realized capital gains. Therefore, no federal tax liability is recorded in the financial statements of each Fund.

Fund Management has analyzed the Funds' tax positions taken or expected to be taken on federal income tax returns for all open tax years (current and prior three tax years), and has concluded that no provision for federal income tax is required in the Funds' financial statements. The Funds' federal and state income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state departments of revenue.

As of and during the year ended September 30, 2020, the Funds did not have a liability for any unrecognized tax benefits. The Funds recognize interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. During the year ended September 30, 2020, the Funds did not incur any interest or penalties.

NOTES TO FINANCIAL STATEMENTS

As of September 30, 2020, the tax cost of investments and the breakdown of unrealized appreciation (depreciation) for each Fund was as follows:

| | <u>Tax Cost Of Investments</u> | <u>Unrealized Appreciation</u> | <u>Unrealized Depreciation</u> | <u>Net Unrealized Appreciation/ (Depreciation)</u> |
|----------------------|------------------------------------|------------------------------------|------------------------------------|--|
| SMID Cap Growth Fund | \$71,862,826 | \$27,475,633 | \$ (4,456,673) | \$ 23,018,960 |
| Enterprise Fund | 40,038,619 | 19,670,958 | (5,873,436) | 13,797,522 |
| Small Cap Core Fund | 57,357,332 | 28,017,593 | (10,192,772) | 17,824,821 |
| Microcap Value Fund | 94,849,208 | 34,309,692 | (33,896,917) | 412,775 |
| Small Cap Value Fund | 70,375,255 | 2,765,045 | (16,377,186) | (13,612,141) |

The difference between book basis and tax basis unrealized appreciation/depreciation is attributable primarily to the tax deferral of losses on wash sales, Passive Foreign Investment Companies (PFICs) mark to market adjustment, and cumulative partnership basis adjustment.

The tax character of distributions during the year ended September 30, 2020 were as follows:

| | <u>Distributions Paid From</u> | | | <u>Total Distributions Paid</u> |
|----------------------|--------------------------------|--|--|---|
| | <u>Ordinary Income</u> | <u>Net Long Term Capital Gains</u> | <u>Total Taxable Distributions</u> | |

As of September 30, 2020, the Funds did not have any capital loss carryforwards for federal income tax purposes except Small Cap Value Fund had a short-term capital loss carryforward of \$6,891,291 and a long-term capital loss carryforward of \$5,603,149 available to offset future realized capital gains in accordance with the Regulated Investment Company Modernization Act of 2010. These capital loss carryforwards are not subject to expiration

Under current tax law, Post-October Capital Losses and Late-Year Ordinary Losses may be deferred and treated as occurring on the first business day of the following fiscal year for tax purposes. The SMID Cap Growth Fund had deferred qualified late-year ordinary losses of \$162,773 which will be treated as arising on the first business day of the fiscal year ending September 30, 2021.

8. Market Timing:

The Trust strongly discourages attempts at market timing by Fund shareholders. Each Fund charges a redemption fee of 2% of the value of the shares redeemed or exchanged within 30 days of purchase, in addition to limiting the number of exchanges that may be made between Funds to five (5) per calendar year. When assessed, the redemption fee is deducted from the redemption proceeds and retained by the Fund, not by the Advisor. This redemption fee is not charged in cases where, for example, the redemption results from an automatic reinvestment or asset re-allocation not specifically directed by the shareholder. The Trust also reserves the right to reject any Fund purchase order made by persons deemed to be market timers. The Funds' prospectus contains a full description of the Trust's policies on market timing and/or excessive trading. The redemption fee is recorded as a credit to capital and is included in the capital transactions on the Statements of Changes in Net Assets.

During the year ended September 30, 2020, the redemption fees collected by the Funds which are offset in the cost of shares redeemed on the Statements of Changes in Net Assets are as follows:

| | <u>Redemption Fees</u> |
|----------------------|------------------------|
| SMID Cap Growth Fund | \$ 155 |
| Enterprise Fund | 23 |
| Small Cap Core Fund | 50 |
| Microcap Value Fund | 4,836 |

9. Soft Dollars:

Soft dollar arrangements and commission sharing arrangements (CSAs) are arrangements under which RBC GAM-US directs client brokerage transactions to a broker-dealer and obtains other products and services, such as research, in addition to trade execution. Federal securities laws permit a fund advisor

NOTES TO FINANCIAL STATEMENTS

to incur commission charges on behalf of a fund that are higher than another broker-dealer would have charged if the advisor believes the charges are reasonable in relation to the brokerage and research services received. RBC GAM-US has a fiduciary duty to the shareholders of the Funds to seek the best execution for all of the Funds' securities transactions. Fund Management believes that using soft dollars to purchase brokerage and research services may, in certain cases, be in a Fund's best interest. During the year ended September 30, 2020, the Funds used soft dollar and commission sharing arrangements. Fund Management continues to closely monitor its current use of soft dollars, in addition to regulatory developments in this area for any possible impact on Fund policies.

10. Line of Credit

The Funds are participants in an uncommitted, unsecured \$500,000,000 line of credit with U.S. Bank, N.A. (the "Bank"), the Funds' custodian, to be used to fund shareholder redemption requests and for other short-term temporary or emergency general business purposes. The line of credit has a scheduled termination date of July 31, 2021. Interest is charged on borrowings under this line of credit at the Bank's prime lending rate per annum. Since each Fund participates in this line of credit, there is no assurance that an individual fund will have access to all or any part of the \$500,000,000 at any particular time. There were no loans outstanding pursuant to this line of credit at September 30, 2020. During the year ended September 30, 2020, the Funds did not utilize this line of credit.

11. Significant Risks

Shareholder concentration risk:

As of September 30, 2020, the following Funds had omnibus accounts which owned more than 10% of a Fund's outstanding shares as shown below:

| | <u># of Omnibus Accounts</u> | <u>% of Fund</u> |
|----------------------|------------------------------|------------------|
| SMID Cap Growth Fund | 2 | 77.9% |
| Small Cap Core Fund | 3 | 39.4% |
| Microcap Value Fund | 1 | 25.2% |

Significant transactions by these shareholders may impact the Funds' performance.

Market risk:

One or more markets in which a Fund invests may go down in value, sometimes sharply and unpredictably, and the value of a Fund's portfolio securities may fall or fail to rise. Market risk may affect a single issuer, sector of the economy, industry or the market as a whole. In addition, global economies and financial markets are becoming increasingly interconnected, and political, economic and other conditions and events (including, but not limited to, natural disasters, pandemics, epidemics, and social unrest) in one country, region, or financial market may adversely impact issuers in a different country, region or financial market. Furthermore, the occurrence of, among other events, natural or man-made disasters, severe weather or geological events, fires, floods, earthquakes, outbreaks of disease (such as COVID-19, avian influenza or H1N1/09), epidemics, pandemics, malicious acts, cyber-attacks, terrorist acts or the occurrence of climate change, may also adversely impact the performance of a Fund. Such events could adversely impact issuers, markets and economies over the short- and long-term, including in ways that cannot necessarily be foreseen. A Fund could be negatively impacted if the value of a portfolio holding were harmed by such political or economic conditions or events. Moreover, such negative political and economic conditions and events could disrupt the processes necessary for a Fund's operations.

Industry and sector focus risk:

At times the Funds may increase the relative emphasis of its investments in a particular industry or sector. The prices of securities of issuers in a particular industry or sector may be more susceptible to fluctuations due to changes in economic or business conditions, government regulations, availability of basic resources or supplies, or other events affect that industry or sector more than securities of issuers in other industries and sectors. To the extent that the Fund increases the relative emphasis of its investments in a particular industry or sector, its shares' values may fluctuate in response to events affecting that industry or sector.

NOTES TO FINANCIAL STATEMENTS

12. Subsequent Events:

Fund Management has evaluated the impact of all subsequent events on the Funds and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Trustees of RBC Funds Trust and Shareholders of RBC SMID Cap Growth Fund, RBC Enterprise Fund, RBC Small Cap Core Fund, RBC Microcap Value Fund, and RBC Small Cap Value Fund

Opinions on the Financial Statements

We have audited the accompanying statements of assets and liabilities, including the schedules of portfolio investments, of RBC SMID Cap Growth Fund, RBC Enterprise Fund, RBC Small Cap Core Fund, RBC Microcap Value Fund, and RBC Small Cap Value Fund (five of the funds constituting RBC Funds Trust, hereafter collectively referred to as the "Funds") as of September 30, 2020, the related statements of operations for the year ended September 30, 2020, the statements of changes in net assets for each of the two years in the period ended September 30, 2020, including the related notes, and the financial highlights for each of the periods indicated therein (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds as of September 30, 2020, the results of each of their operations for the year then ended, the changes in each of their net assets for each of the two years in the period ended September 30, 2020 and each of the financial highlights for each of the periods indicated therein in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

These financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on the Funds' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of September 30, 2020 by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinions.

SHARE CLASS INFORMATION (UNAUDITED)

The RBC Equity Funds offer three share classes. These three share classes are the A, R6 and I classes.

Class A

Class A shares, offered by all Funds except Small Cap Value Fund, are available for purchase primarily through investment advisors, broker-dealers, banks and other financial services intermediaries. Class A shares of the Funds are currently subject to a maximum up-front sales charge of 5.75% and a 1.00% CDSC for redemption within 12 months of a \$1 million or greater purchase. Class A shares currently include a 0.25% (25 bps) annual 12b-1 service and distribution fee.

Class I

Class I shares are available in all of the Funds. This share class is intended for investors meeting certain minimum investment thresholds. This share class does not have an up-front sales charge (load) or a 12b-1 service and distribution fee.

Class R6

Class R6 shares are available in SMID Cap Growth Fund, Small Cap Core Fund and Small Cap Value Fund. This share class is intended for investors meeting certain minimum investment thresholds. This share class does not have an up-front sales charge (load) or a 12b-1 service and distribution fee.

Shareholder Expense Examples

As a shareholder of the the RBC Funds, you incur two types of costs: (1) transaction costs and (2) ongoing costs, including management fees; and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in the RBC Funds and to compare these costs with the ongoing costs of investing in other mutual funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2020 through September 30, 2020.

Actual Expenses

The table below provides information about actual account values and actual expenses. You may use the information below, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the table under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

| | | Beginning Account Value 4/1/20 | Ending Account Value 9/30/20 | Expenses Paid During Period* 4/1/20–9/30/20 | Annualized Expense Ratio During Period 4/1/20–9/30/20 |
|-----------------------------|----------|---|---|--|--|
| SMID Cap Growth Fund | Class A | \$1,000.00 | \$1,277.90 | \$6.09 | 1.07% |
| | Class I | 1,000.00 | 1,279.80 | 4.67 | 0.82% |
| | Class R6 | 1,000.00 | 1,279.00 | 4.39 | 0.77% |
| Enterprise Fund | Class A | 1,000.00 | 1,233.20 | 7.43 | 1.33% |
| | Class I | 1,000.00 | 1,234.90 | 6.03 | 1.08% |
| Small Cap Core Fund | Class A | 1,000.00 | 1,330.00 | 6.70 | 1.15% |
| | Class I | 1,000.00 | 1,331.90 | 5.25 | 0.90% |
| | Class R6 | 1,000.00 | 1,331.90 | 5.07 | 0.87% |
| Microcap Value Fund | Class A | 1,000.00 | 1,243.60 | 7.40 | 1.32% |
| | Class I | 1,000.00 | 1,245.60 | 6.01 | 1.07% |
| Small Cap Value Fund | Class I | 1,000.00 | 1,156.30 | 4.58 | 0.85% |
| | Class R6 | 1,000.00 | 1,156.50 | 4.31 | 0.80% |

*Expenses are equal to the average account value times the Fund's annualized expense ratio multiplied by 183/365 (to reflect one half year period).

SUPPLEMENTAL INFORMATION (UNAUDITED)

Hypothetical Example for Comparison Purposes

The table below provides information about hypothetical account values and hypothetical expenses based on each RBC Funds' actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED)

Information Regarding the Approval of Investment Advisory Agreements

In September 2020, after evaluating the services provided by RBC Global Asset Management (U.S.) Inc. (the "Advisor") and reviewing the performance, fees, and expenses of the Funds, the RBC Funds Board of Trustees determined to approve the continuation of the investment advisory agreements ("Agreements") with the Advisor for each Fund for an additional year.

As part of their review of the Agreements, the Trustees requested and considered information regarding the advisory services performed by the Advisor; the staffing and qualifications of the personnel responsible for operating and managing the Funds; and the Funds' performance, fees, and expenses. The Trustees considered information provided at regular quarterly Board and Committee meetings throughout the year as well as information presented at both a special meeting held to review requested material related to the proposed renewals and a regular meeting at which the proposed renewals were considered. The information included material provided by the Advisor, as well as reports prepared by Broadridge Financial Solutions, Inc., an independent statistical compilation company providing comparative fee and expense information and comparative performance information for the Funds. In connection with their deliberations, the independent Trustees were advised by independent legal counsel with regard to the materials and their responsibilities under relevant laws and regulations.

The Trustees met with representatives from the Advisor's senior management team, as well as senior investment professionals, to discuss the information and the Advisor's ongoing management of the Funds. The Trustees reviewed the nature, quality, and extent of the services provided to the Funds by the Advisor, including information as to each Fund's performance relative to appropriate index benchmarks as well as their respective Morningstar categories. For several of the Funds, the Board also reviewed comparative information with respect to custom peer groups designed to align more closely with the Funds' specific investment strategies.

The Trustees recognized the strong research and fundamental analysis capabilities of the Advisor's investment teams and their extensive portfolio management experience, as well as the Advisor's effective trading, operational, and compliance structure and systems. The Trustees also reviewed information on the Advisor's response to the COVID-19 pandemic and the measures taken to ensure that the services provided to the Funds were not impacted.

The Board then reviewed the performance of each Fund vs. relevant securities benchmarks and fund peer groups. It was noted that in most cases where a Fund had underperformed in comparison to its Morningstar category, the unfavorable performance comparison was generally the result of a Fund's style characteristics not being in alignment with its assigned category.

The Trustees reviewed comparative advisory fee and expense information for each Fund, together with information regarding the Advisor's contractual agreement to subsidize Fund expenses at competitive levels through expense limitation agreements. The Trustees noted that advisory fees and expense ratios were competitive and, in particular, that none of the Funds had total net expenses below the median of its peer group.

The Trustees also reviewed reports from the Advisor regarding its management of other investment client accounts with similar strategies, including the advisory fees paid and the reasons for differences in fees, which included liquidity management and matters related to mutual fund operations. The Trustees reviewed profitability data—including year-over-year variances—for the Advisor and considered information regarding other benefits the Advisor and its affiliates derived from their relationships with the Funds, including soft dollar research. It was also noted that the Advisor does not receive any additional fee for its administrative services to the Funds.

Based upon their review, the Trustees determined that the advisory fees proposed to be payable to the Advisor were fair and reasonable in light of the nature and quality of services provided under all of the circumstances and were within the range of what might have been negotiated at arms' length. The Trustees concluded that it was in the interests of the Funds and their shareholders for the Trustees to approve the continuation of the Agreements and the expense limitation agreements for the Funds for

an additional year. In arriving at their collective decision to approve the renewal of the Agreements, the Trustees did not assign relative weights to the factors discussed above or deem any one or group of them to be controlling in and of itself.
