The performance quoted represents past performance, does not guarantee future results and current performance may be lower or higher than the data quoted. The investment return and principal value of an investment will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Performance data current to the most recent month end may be obtained at www.emeraldmutualfunds.com. Investment performance reflects fee waivers in effect. In the absence of fee waivers, total return would be lower. Total return is based on NAV, assuming reinvestment of all distributions. Performance does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

* Excludes sales charge. ** Reflects effects of the Fund's maximum sales charge of 4.75%. + Excludes contingent deferred sales charge. ++ Includes the effects of the 1% deferred sales charge.

Portfolio Management

The Fund portfolio is managed by a veteran investment team with 94 years collective investment experience and has been defining investment opportunities together at Emerald since 1994. The team maintains a disciplined focus to avoid style drift. As a result of an on-going comprehensive risk assessment process the team seeks to control volatility by diversifying the Fund's portfolio among subgroups within each industry sector and seeks to minimize risk by unequally weighting the percentage ownership of companies held.

Diversification does not eliminate the risk of experiencing investment losses.

Objective

The Fund seeks long-term growth through capital appreciation.

The Fund invests in companies of any size and favors smaller-sized companies with market capitalization equal to or less than the largest company in the Russell 2000® Index and seeks companies with perceived leadership positions and competitive advantages in niche markets. The portfolio is diversified across industry sectors and focuses on companies that do not receive significant coverage from other institutional investors.
