Performance data quoted represents past performance; past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted. Performance data current to the most recent month end may be obtained by calling 877-807-4122. Performance for SVFAX (w/load) reflects maximum sales charge of 5.75%. Performance for SVFAX (w/o load) does not reflect maximum sales charge of 5.75%. If reflected, the load would reduce the performance amount quoted. SVFAX imposes a 1.00% deferred sales charge on purchases of \$1,000,000 or more that are redeemed within 18 months of purchases. Performance data does not reflect the deferred sales charge. If it had, returns would be reduced.

Investor Class shares of the Fund commenced operations on January 2, 2008. I1 Class shares of the Fund commenced operations on December 18, 2009. Performance shown for I1 Class shares prior to its inception reflects the performance of Investor Class shares. Class A shares of the Fund commenced operations on January 24, 2014. Performance shown for Class A shares prior to its inception reflects the performance of Investor Class shares, adjusted to reflect Class A expenses.

Smead Capital Management, Inc., The Advisor, has agreed to waive its fees and/or absorb expenses of the Fund to ensure that Total Annual Operating Expenses do not exceed 1.26% for Class A shares, 1.84% for Class C shares, 0.99% for Class I1 shares and 0.84% for Class Y shares respectively, through March 31, 2022. This operating expense limitation agreement can be terminated only by, or with the consent of, the Board of Trustees. See the prospectus for additional details.

Price/Earnings: the ratio of a firm's closing stock price & its trailing 12 months' earnings/share. Price/Book: the ratio of a firm's closing stock price & its fiscal year end book value/share. Book value: is the net asset value of a company, calculated by subtracting total liabilities from total assets. Free cash flow: is revenue less operating expenses including interest expenses and maintenance capital spending. It is the discretionary cash that a company has after all expenses and is available for purposes such as dividend payments, investing back into the business or share repurchases. Price/Cash Flow: A measure of a company's financial health calculated by dividing a company's cash flow into the current stock price. Weighted Avg Market Cap: A calculation in which each stock's market capitalization and its weight in the portfolio are used to determine the portfolio's average. The Russell 1000 Value Index measures the performance of those Russell 1000 companies with lower price-to-book ratios and lower forecasted growth values. One cannot invest directly in an index. The S&P 500 Index is a market-value weighted index consisting of 500 stocks chosen for market size, liquidity, and industry group representation. Fund holdings, sector allocation and asset allocation are subject to change and are not recommendations to buy or sell any security.
