Investors should consider the Fund's investment objectives, risks, charges, and expenses carefully before investing. The Fund's prospectus contains this and other important information, should be read carefully before investing or sending money, and may be obtained from your Financial Advisor, www.investdavenport.com, or by calling (800) 846-6666.

Risk is measured by standard deviation, which is the variability of returns around the average return. **Beta** is a measure of the volatility, or systematic (market-related) risk, of a portfolio as compared to the overall market. **Alpha** measures the excess return of your portfolio above the expected return as established by comparison to a beta-adjusted benchmark. The **Sharpe Ratio** indicates the excess returns over a risk-free asset per unit of total risk (where risk is measured by standard deviation).
