

# Fidelity Advisor Mega Cap Stock Fund

2023 REFINITIV LIPPER FUND AWARD WINNER: BEST FUND 5-YEARS\*

DOMESTIC EQUITY | CORE

FACT SHEET JUNE 30, 2023

CLASS A: FGTX • CLASS C: FGRCX • CLASS M: FTGRX • CLASS I: FTRIX • CLASS Z: FZALX

**OBJECTIVE:** High total return through a combination of current income and capital appreciation

**STRATEGY:** Normally investing at least 80% of assets in common stocks of companies with mega market capitalizations (companies with market capitalizations similar to companies in the Russell Top 200 Index or the S&P 100). Investing in either "growth" stocks or "value" stocks or both.

**Current performance may be higher or lower than that quoted. Visit [i.fidelity.com](http://i.fidelity.com) or call your investment professional for most recent month-end performance. Performance data shown represents past performance and is no guarantee of future results. Investment return and principal value will fluctuate, so you may have a gain or loss when shares are sold.**

Total returns are historical and include changes in share price and reinvestment of dividends and capital gains, if any. Initial offering of Class Z was on 8/13/13. Prior returns are for Class I through 2/5/08. Returns prior to 2/5/08 are those of Fidelity Mega Cap Stock Fund.

### MORNINGSTAR RATING

	Overall	3-Year	5-Year	10-Year
Class A	★★★★	★★★★★	★★★★	★★★
Class I	★★★★	★★★★★	★★★★	★★★
Class Z†	★★★★	★★★★★	★★★★	★★★
# of Funds in Category	1,280	1,280	1,175	872

† Extended Performance Rating for the 10-year period.

The Overall Morningstar Rating for a fund is derived from a weighted average of the performance figures associated with its 3-, 5-, and 10-year (if applicable) Morningstar Rating metrics, which are based on risk-adjusted returns. Past performance is no guarantee of future results. • Multiple share classes of a fund have a common portfolio but impose different expense structures. • The Morningstar Rating™ for funds, or "star rating," is calculated for funds with at least a three-year history. (Exchange traded funds and open-end mutual funds are considered a single population for comparative purposes.) It is calculated based on a Morningstar risk-adjusted return measure that accounts for variation in a fund's monthly excess performance (excluding the effect of sales charges, if any), placing more emphasis on downward variations and rewarding consistent performance. The top 10% of funds in each fund category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star. For extended performance ratings, the investment's independent Morningstar Rating metric is then compared against the fund universe's actual performance to determine its extended performance rating. Morningstar Extended Performance ratings shown are based on adjusted historical returns for periods prior to the class's inception. These hypothetical calculated returns reflect the historical performance of the oldest share class of the fund, adjusted to reflect the fees and expenses of each respective class. Morningstar Rating is for the indicated share class only; other classes may have different performance characteristics.

**FUND INCEPTION DATE:** 12/28/98

**BENCHMARK:** S&P 500®

**SECONDARY BENCHMARK:** Russell Top 200®

**MORNINGSTAR CATEGORY:** Large Blend

**PORTFOLIO ASSETS:** \$1,714.4M

**TURNOVER RATE (12/22):** 3%

**MINIMUM INITIAL INVESTMENT:** \$0

### HYPOTHETICAL GROWTH OF \$10,000

■ Class I: \$31,381 ■ Class Z: \$31,810

Includes changes in share price and reinvestment of dividends and capital gains.

### FUND INFORMATION

Class	CUSIP	Symbol	Code
A	31617F502	FGTX	2034
C	31617F700	FGRCX	2036
M	31617F809	FTGRX	2037
I	31617F882	FTRIX	2038
Z	31617F791	FZALX	2537

Classes A, C, M, I, and Z are classes of Fidelity Mega Cap Stock Fund. • Classes I and Z are available only to eligible investors as described in the fund's prospectus. • Check with your back office/home office on the availability of share classes.

Past performance is no guarantee of future results. The Refinitiv Lipper Fund Awards are determined by calculating the highest Consistent Return over the 3-year period ended 11/30/22. The Consistent Return measure takes into account both short- and long-term risk-adjusted, performance relative to fund classification. FA Mega Cap Stock Fund competed with 75 Large-Cap Value Funds over the 5-year period, respectively, to win the award. Lipper Fund Awards are based on Class Z shares of the respective Fidelity Advisor (FA) fund. Other share classes may have different performance characteristics. Fund performance may now be higher or lower than the performance that was calculated to win this award. Although Lipper makes reasonable efforts to ensure the accuracy and reliability of the data, the accuracy is not guaranteed by Lipper. Leader's fund ratings do not constitute and are not intended to constitute investment advice or an offer to sell or the solicitation of an offer to buy any security of any entity in any jurisdiction. For more information, see [lipperfundawards.com](http://lipperfundawards.com).

## STYLE MAP<sup>®</sup>

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks.

Not NCUA or NCUSIF insured. May lose value. No credit union guarantee.

1. The top 10 holdings, sector diversification, asset allocation, and regional diversification may not be representative of the fund's current or future investments and may change at any time. Top 10 holdings do not include money market instruments and/or futures contracts. Depository receipts are normally combined with the underlying security. 2. As a percentage of total net assets. 3. Net Other Assets can include fund receivables, fund payables, and offsets to other derivative positions, as well as certain assets that do not fall into any of the portfolio composition categories. Depending on the extent to which the fund invests in derivatives and the number of positions that are held for future settlement, it can be a negative number.

## DEFINITIONS AND IMPORTANT INFORMATION

**Alpha** is a risk-adjusted, annualized performance measure relative to a fund's benchmark. A positive (negative) alpha indicates stronger (poorer) fund performance than predicated by the fund's level of risk measured by beta. **Beta** is a measure of the volatility of a fund relative to its benchmark index. A beta greater (less) than 1 is more (less) volatile than the index. **Gross Expense Ratio** is the total annual fund or class operating expense ratio from the most recent prospectus (before waivers or reimbursements) and generally is based on amounts incurred during the most recent fiscal year. **Morningstar Averages** represent the average return of all funds within their respective fund investment category. The number of funds in each category periodically changes. Each Morningstar Average reflects the performance (excluding sales charges) of funds with similar objectives. **Net Expense Ratio** is the total annual fund or class operating expense ratio from the most recent prospectus, after any fee waiver and/or expense reimbursements that will reduce any fund operating expenses for no less than one year from the effective date of the fund's registration statement. This number does not include any fee waiver arrangement or expense reimbursement that may be terminated without agreement of the fund's board of trustees during the one-year period. **R<sup>2</sup>** measures how a fund's performance correlates with a benchmark index's performance and shows what portion of it can be explained by the performance of the overall market/index. R<sup>2</sup> ranges from 0, meaning no correlation, to 1, meaning perfect correlation. An R<sup>2</sup> value of less than 0.5 indicates that annualized alpha and beta are not reliable performance statistics. **Relative Volatility** compares a fund's volatility to a benchmark index. A relative volatility greater (less) than 1 means the fund's returns have been more (less) variable. **Russell Top 200 Index** is a market capitalization-weighted index of 500 common stocks chosen for market size, liquidity, and industry group representation to represent U.S. equity performance. **Sharpe Ratio** is a risk-adjusted measure calculated using standard deviation and excess return to determine reward per unit of risk. The higher the ratio, the better the fund's return per unit of risk. **Standard Deviation** measures the historical volatility of a fund. The greater the standard deviation, the greater the fund's volatility. **Style Maps** estimate characteristics of a fund's equity holdings over two dimensions: market capitalization and valuation. The percentage of fund assets represented by these holdings is indicated beside each Style Map. The position of the most recent publicly released full holdings is denoted on the Style Map with a dot. Historical Style Map characteristics are calculated for the shorter of either the past three years or the life of the fund, and are represented by the shading of the box(es) previously occupied by the dot. **Turnover Rate** is the lesser of amounts of purchases or sales of long-term portfolio securities divided by the monthly average value of long-term securities owned by the fund. • It is not possible to invest directly in an index. All market indices are unmanaged. • Third-party trademarks and service marks are the property of their respective owners. All other trademarks and service marks are the property of FMR LLC or an affiliated company. • Information provided is unaudited.

Personal and Workplace brokerage products provided by Fidelity Brokerage Services LLC, Member NYSE, SIPC, 900 Salem Street, Smithfield, RI 02917.

Before investing, consider the fund's investment objectives, risks, charges, and expenses. Contact your investment professional or visit [i.fidelity.com](http://i.fidelity.com) for a prospectus or, if available, a summary prospectus containing this information. Read it carefully.
